Your Excellency:

A year ago I wrote to you criticizing Father Desjardins of St. Louis de Gonzague parish in Nashua, N.H. It was pertaining to his refusal of a mass at my wedding. At this time I am writing to you in praise of Father Paul Aube also of St. Louis.

My father, Mr. Leo A. Francoeur, recently passed away and Father Aube officiated at his funeral mass. Everyone present was very much impressed with his understanding and sympathetic manner. He expressed a personal and meaningful message about a positive rather than a negative, sombre idea.
We took great comfort in this belief and it helped us to cope with the loss of my father.

I feel that Father Aube has helped us through a difficult time and that he deserves to be recognized as the good and much needed priest that he is.

I would also like to state at this time that my mother and immediate family also feel as I do about Father Aube. He indeed is an asset to the Catholic Church.

Sincerely,

Dear Bishop Gendron:

In response to your letter of April 18, I am most happy to enclose a check for $50.00 as a small indication of my support for the many worthwhile services rendered by New Hampshire Catholic Charities. St. Charles, here in Rochester, has been of great assistance to me in my work as Judge of the Juvenile Court.

I would especially commend to you the interest and unselfish devotion of time and energies given by Father Paul Aube of the Holy Rosary Church to some of the problems of young people in our community. This young priest exemplifies the finest of qualities of a man who has been called to serve his God through his Church. He and Msgr. Simard are outstanding leaders in the ecumenical spirit in this community of which you spoke so eloquently when I had the pleasure of meeting you a few months ago.

Warm regards,

May I take this opportunity to acknowledge receipt of your recent letter and thank you for taking the time to write to me to express your enthusiastic approval of Father Paul Aube and his ministry in Nashua.

Actually your comments came as no surprise to me, because I have always known Father Aube to be a very zealous and dedicated priest. Nevertheless, it is always a pleasure to receive such positive comments from thoughtful people like yourselves.

Dear Mr. Saucier:

I recently received your letter of August 7th concerning the possibility of releasing Father Paul Aube to work on the staff of St. Clement's Student Parish. I know of Father Aube's great interest in youth work and the success he has had in this area in his parish assignments, and I am sure that he would be able to provide your parish with an effective ministry.

However, I regret to inform you that due to the personnel needs of our own Diocese, I am not able at this time to spare him for work outside of the Diocese. While this may be disappointing news to you, I hope you understand that the current shortage of priests makes it very difficult to release men from the parish ministry.

I sincerely hope that you will soon have your parish adequately staffed, and I wish you and all the members of St. Clement's a fruitful growth in the Lord.

and St. Anselm's College. At present
I am working and living in the greater
Boston area and a member of
St. Clement's Student Parish (formerly
St. Clement's Archdiocesan Enchanted

Until very recently the Center
has been well staffed by both
lay people and the Carmelite Fathers.
However, within the last 3 weeks,
because of changes within the Order,
the Carmelites have found it im-
possible to staff the Parish and
Newman Center. As a consequence,
As of the beginning of September, we will be left without any priests. The Archdiocesan Campus Ministry Board, headed by Fr. Robert Bullock, is now in the process of actively soliciting candidates for the vacancies that have been created.

Having known Rev. Paul Aubej, who is presently stationed in Norfolk, VA, for quite some time and having had personal experience with his work with youth, I would like to strongly urge you to consider him for a position such as this. I have known Fr. Paul's work in Claremont and known of his educational background and his aptitude in dealing with youth. I believe that he would prove to be a great asset to our Community here in Boston if you can see your way clear to release him from his duties in New Hampshire. Hope to hear from you regarding this matter. I am Reg. P. B. Church

Dear Mrs. Jutras:

Thank you again for taking the time to write to me about your concerns for a youth ministry in the Berlin area. In my previous letter to you apparently I did not address myself to that request specifically so I will be glad to do so at this time.

I certainly agree that the proper priest working on a full-time basis with youth can provide them with a great deal of the guidance and growth which they so desperately need especially in these troubled times. As a result, I will take your proposal under serious consideration. However, given the shortage of priests at the present time, I am not sure that a man can be freed from the parish ministry to undertake this sort of work full time at the present moment. I know that even with other parish responsibilities, a priest can still give a good amount of time to the needs of youth, and should it be impossible for me to provide a full-time man for the sort of program you envision, I hope that within the parishes of Berlin, and even in the area as a whole, perhaps through some sort of a cooperative plan on the part of the priests stationed in the area, the care of the young people will be properly handled.

Assuring you of my prayers for you and for all of the young people of Berlin, I am

Most Reverend Bishop Cendron:

I thank you for answering my letter concerning the transfer of Father Aube.

Father forgive me for being blunt but you see my letter was not to reverse your decision concerning Father Aube’s transfer, but to ask you to establish a specific ministry to meet an urgent need namely that of having a priest working full time in youth ministry in our city of Berlin. You did not voice your opinion on the matter.

We ask for and we desperately need a priest for Youths in this city. These Youths are our concern. As we look at the Christian Life Center we wonder just how much good it is doing. Only a small handful of people take advantage and a considerable amount of money spent. While a full time priest could do so much for the Youths. A real need for the formation of our future generation.

I hope that in the very near future action will be taken to have youth ministry in many cities who have a real need. By being involved with the Youths we are confronted each day with a growing need to understand, love and accept these young people in our Christian Life.

How can we turn them away when they ask for help? Spiritual help that only a priest who is aware and dedicated can inspire and thus gain the trust of these young people.

Believe me Father, I will give Father Martineau and Father Lemoy the very best support and encouragement as we welcome them into our parish. I count on them to help us grow in Unity and Charity something we haven’t seen in a long time.

I ask your pardon if this letter is out of order but you see I believe it is my duty to speak because I firmly believe in the need for a full time ministry in our city.

Your views concerning this matter and your intentions regarding its solution will be greatly appreciated and respected.

Respectfully,

Mrs. Aurice Jutras

Dear Monsignor Sevolean,

I am a friend of Father Paul Rabii, formerly of Holy Family Parish. Since he's been assigned to another parish, I understand a number of people have contacted you in an effort to make him a part of youth coordination for the entire city of Berlin.

I would like to add my name to that list. I myself am a volunteer Probation Officer and very concerned with our younger citizens. There is a definite need for a Paul, we have problems not seen to any other community. I imagine, I could
write a ten page letter citing problems, reasons and arguments for my request.

I hope it suffices to say that Paul has been a vital force in our community, especially as relates to youth.

In plain tale, we wish to have him back, hopefully with a broader scope.

I hope you...

Dear Mr. and Mrs. Oliver:

Thank you for your recent letter in which you express your sorrow at the transfer of Father Paul Aube. It is always encouraging to me to hear of the good work of our priests. I know that Father Aube has worked hard in Berlin and has had substantial success especially with the young people of the area.

Let me assure you that I weighed this point most carefully when considering his change. However, the needs of many other areas of New Hampshire, as well as your own, have necessitated his transfer at this time. I am sure that you can appreciate how difficult it is to satisfy all of these very similar needs at the same time, and thus can understand why I have decided that Father Aube is needed elsewhere at this time. I am sure as well that Fathers Martineau and Lemay will be most responsive to the needs of the people of the Berlin area, and I hope I can count on you to support them in whatever ways you can.

Please pray for me and for all your priests so that we will have the wisdom and strength to work well for Christ in these difficult times.

Dear Bishop Cheng:

This is written regarding your decision to transfer Rev. Paul Aube from Angel Guardian Parish.

We do not know the reason for your decision but we wonder if you are aware of the feelings the people of this area have for Father Aube, and the high regard he is held in this area.

We hope we do not have to remind you of the immeasurable work he is doing in the area of teaching and counseling the people, especially the young people of this area. His support and understanding will be greatly missed. We feel he is too important to be transferred at this time.

We hope you will reconsider your decision and allow Father Aube to remain here.

A reply to this letter is asked and will be appreciated.

Dear Mrs. Jutras:

May I take this opportunity to thank you for your recent letter on behalf of the adult lay personnel of the Cove regarding the transfer of Father Aube from the Berlin area.

I am grateful to you for sharing your thoughts with me and voicing your enthusiastic approval of Father Aube's ministry to the youth of Berlin. Actually your positive comments come as no surprise, because I am well aware of his talents and dedication to the youth apostolate.

It is my fervent hope and prayer that you will show this same loyalty and generous spirit of cooperation with Father Martineau and Father Lemay, who are about to begin their ministry at Guardian Angel Parish. They are both deeply committed and zealous priests, and I have every confidence that they will work most effectively to serve the needs of the people of Berlin, both young and old.

Most Reverend Bishop Gendron:

We, the adults lay personnel of The Cove, and our youth center of Guardian Angel Parish, regret to hear that Father Aube is being transferred from Berlin. We are regretful because we feel that he has proven himself qualified for this youth ministry. We believe that there is an urgent need to focus on our youths. We believe that a priest would no doubt be able to have a good influence, but also a spiritual influence that the youths need very much. We have come to realize this need since we have become involved in The Cove. Because of our involvement, we have been able to witness the effectiveness that a priest can have over other adults who also care and want to help the youths. We also became aware of how a priest can be the go-between between parent and child and reach a positive solution. We believe that if it is to be effective that the priest should be able to devote his full time to organize programs, and establish social contacts as probation department, police department, courts, merchants for jobs, and most importantly, create meaningful religious programs so that the youths can experience God and religion, such as the idea of The Christian Cookbook, which I am enclosing. We would like you to see the results in just this parish since a priest gave personal attention to the youths; selectors, collectors, folk group, Spirit Singers, The Cove, etc.

Reverend Father, we are aware of the great need for more intensified youth ministry in the city of Berlin; the need to have a priest devote his ministry for the purpose of the city of Berlin as the four Catholic Parishes city wide. We are hoping to be able to have Father Aube for this purpose since he is already effectively involved in this, or if it is not possible, to at least have a qualified priest assigned to meet this need on a full-time basis as soon as possible so that the headway that has already been made will not be wasted. Father, we are interested in finding out what you really think of the youth's needs. We would all be most willing to meet with you at any time during your stay in Berlin on June 8.

Sincerely,

THE COVE ADULT PERSONNEL

At the start of the meeting, Father told us our attention. 

Let us have to bring to the Parish Council all of the problems discussed at the Youth Committee meetings.

Those present at the meeting were: Pauline Auclair-Chairman, 
Lucien Rioux, Mike Audet, Louis Martin, Rachel Deschenes-Clerk, 
Sarah Dutille, Lucille Lamoureux, and Peter Violette.

Father asked us... that Pauline Auclair, our new chairman, will now run the committee meetings.

The first problem that Pauline talked was the crowd of youths in front of the Church. Mr. Lucien Rioux, co-chairman, stated that the best way to solve this problem was to get a light. The crowd would diminish from the result of being very under the big light.

The altar boys will be using the core some Saturday soon for their services to the Church. They will be allowed to play ring hand and to buy things at the canteen. Some problems from the Core staff and from the Youth Committee are asked to be present to care for the games, etc.... just like a regular event. The altar boys will be given three tickets when they enter so that they can eat free chicken burgers.

Our final and most important is the helping the old people. This will start on Nov. 3. It will consist of taking off some windows, cleaning rooms and taking lunches, etc.... The people of the core hall are asked to call at the desk where Marie Auclair, Chairman (782-1181), Rachel Deschenes, Secretary (781-1184), and Gauthier Pouliot, co-Chairman.

During this meeting we were also given a summer program. Our summer program consists of: 1. Having a trip to see Godswell in Boston. This would be for those 15 years of age or older. 2. A trip to Washington. Your parents must volunteer to refund, NH before the end of June. 3. Would like to follow the tour of White Lake

For the school year, we have planned to have some special Teen-
Masses which would include van sessions, slides, and films.
We would also like to set up a program to offer us an opportunity
to know more about our Religion. This would consist of discussions.
The program will be called "THE CHRISTIAN COOKBOOK". This will consist
of a Bible-centered activities such as, putting on Bible plays,
role playing of certain biblical personages and round table discussions
of Bible themes. It is called the CHRISTIAN BOOKBOOK Because the
object of the program is to make the youth realize that in order
to have an lead a real Christian life one must be able to look onto
the Bible as THE GREAT RECIEPE to achieve this goal.

As for the Cove's future activities, we are serious considering
closing up for the summer and only being in operation during
the school year. We are thinking of requiring some sort of commitment
from the members when we re-open, so that all members will cooperate
as a united force to help the Cove help as many Youth's as possible.

Respectfully submitted,

Rachel Deschamps

Dear Mr. Ferrante:

May I acknowledge receipt of your letter of May 28th and also express my sincere appreciation to you for writing to voice your enthusiastic approval of Father Paul Aube and his ministry to the youth of the Berlin area.

I am pleased to know that Father Aube was so instrumental in helping you and your family. Your comments come as no surprise, however, because I have always known him to be an extremely capable and dedicated young priest.

It is understandable that you are upset over the news of his transfer, but I am sure that you realize that there are many instances where the needs of the Diocese require that a priest be moved, even though he is doing very effective work in his present assignment.

It is my fervent hope and prayer that you will show this same spirit of cooperation and loyalty to your new priests in the Berlin area, and I wish to assure you that the thoughts which you have shared with me will be given serious and prayerful consideration.

Dear Sir,

May I request a moment of your time Please? Sometimes last year, in one of my restaurants, I met a young priest, the Rev. Paul Aube. First of all, please understand, I was not at the time a model Christian, though supposedly a member of St. Benedict's Parish.

Fr. Aube soon gained my admiration because of his work with the youth of his parish. Later he gained my confidence, and last week, he heard my confession. After almost 20 years, I received communion. Somehow, he reached me where others failed. He made me visualize my own potential as a man, husband, and father. After 25 years, my marriage was about to break-up, but since I've found peace within myself, and with my God, I hope our home life will improve. I'm confident that with Fr. Aube's counseling, and my wife's cooperation, we will find peace and love in our home once more.

My wife and I are deeply hurt to hear that Fr. Aube will soon be transferred. It is such a critical time for us. It is also a loss to the whole community. Since our parish, St. Benedict's is without a pastor, we respectfully request that you consider sending him here. I'm sure that you must be aware how badly this parish is doing. The youth desperately need guidance, the elderly need reassurance. These are things that didn't concern me a year ago. Yet, now I am ready to pledge my help and support to the man who befriended me, and reunited me with God and my family.

I firmly believe that Fr. Aube would succeed at St. Benedict's. He is young, energetic and personable, yet understanding and compassionate. Furthermore, and perhaps most important, I feel that he would be accepted. Through his youth programs and our business, he has been in contact with other parishioners, and has made many friends.

I humbly implore you to give this matter your utmost consideration, and I will pray that God will guide you to the right decision, though His will be done.

I will appreciate some acknowledgement of this letter, so that I may be assured that it has reached you, and that you have given the matter some consideration.

Sincerely,

Your humble servant,

Anthony C. Ferrante

Miss Pauline Arguin

Dear Pauline:

May I thank you for your letter of February 12th concerning Father Aube and expressing your enthusiastic approval of his priestly work in Guardian Angel Parish.

Your positive comments and praise of Father Aube came as no surprise to me, however, because I have always known him to be a very zealous, dedicated, and Christlike priest. Nevertheless it is always good to hear such favorable comments from our people, because more often than not a bishop hears only of the problems and negative reactions to various parochial situations.

I assure you that before Father Aube or any other priest is transferred from a parish a great deal of serious consideration goes into such a move, both on the part of the bishop and that of the Diocesan Personnel Board. Changes are made only when it clearly appears to be for the good of the Church, the parishes involved, and the individual priest as well.

Understandably at times it is difficult for people to have a priest leave a parish where he is doing effective work, but we must always take into consideration the good of the whole diocese and realize that this particular priest’s special talents are also very much needed in another area.

Once again I thank you for sharing your thoughts with me and assure you that whatever changes may be made in any of our parishes will be done only after much prayer and thoughtful deliberation.

With every prayerful good wish, I am

Dear Most Rev. Odara Condron:

First of all let me congratulate you on your recent ordination as Bishop. I realize that your position is very important. Your position must be very difficult now, since you are just beginning. You have very many decisions to make. At this time I also realize that you will probably transfer some of the priests in the parishes, to different places.

You are probably wondering why a sixteen year old teenager is writing to you, well I will tell you why. I live in Berlin II and belong to Guardian Angel Parish. Religion a few weeks ago did not mean very much to me. I wanted to give up going to church. I would go to church because I had to and not because I wanted to. There is this very special person who entered my life about a month ago and changed it all. His name is Father Paul Aube, of Guardian Angel Parish in Berlin 11. He made me realize many things such as who I am and who God is. God means a lot to me now. I am starting to communicate with Him which I had never done before.

I also used to be a very shy person, who did not talk in groups. Father Paul helped me change by introducing me to new friends and many other things. I am now Secretary of the Youth Committee of my Parish and on the Staff of the organization that Father Paul has started. It also took a lot of courage to write this letter to you.

It means a great deal to me and is helping me very much. He is someone I can talk to when I have a problem, or when I am sad. He is also helping many other adults and teenagers.

I am asking you if you have any ideas to transfer him, please do not. It is probably a lot to ask, but I would appreciate it very much in so will many others. He has not been at our Parish for a long time, but he has surely done a lot for us. I am praying that he will stay because we need him very much. Thank you very much for taking the time and patients to read my letter. I appreciate it very much.

Respectfully yours,

Pauline Arquin

Dear Mrs. Howe:

I have before me your recent letter requesting that Father Paul Aube be retained as associate pastor of St. Mary Parish in Claremont. I regret that this was not possible at the time you wrote nor has it become possible since then. I am grateful for the charitable manner in which you presented your request and I thank you for it most sincerely.

It is most difficult for a person in authority to make and to implement decisions affecting the well-being of an individual and those whom he serves. This is especially true in the matter of our priests who are doing their work seriously and with devotion. Our Personnel Board gave careful consideration to the problems involved before making its recommendations. For what were considered genuine diocesan pastoral considerations, the decision was made to use Father Aube's talents in another area.

May I thank you for your interest in Father Aube's remaining at Saint Mary Parish. I appreciate your letting me know your thoughts and am grateful.

Dear Bishop Frereux,

I am a concerned parishioner of St. Mary in Claremont, and this letter is in regard to the transfer of Fr. Paul to our parish. This young priest has done much for the youth of our parish and for the children of the children who attended St. Mary. I know this to be true, since Fr. Alex arrived here, the attendance has increased noticeably among the young.

It's hard for me to understand how come each time we get a young priest with a lot on the back, the attendance is increased.

As a nurse at the Claremont General Hospital, I have called many times with problems of my patients, and he has always answered each time with prompt attention. And the nurses question, "Why do you come to these sick?" Whenever she is called to come due to an "emergency in the unit (CCU)," she always say, "I'm sorry," and then she adds, "Can I be of help?" The first time I always ask her if she ever complained. This I cannot say of all I have called over 50 years.

I have never felt so free to talk to anyone as I have with this man. I feel at ease with him in my situation. I feel like he is just another human being with faults - just like his own - and she never complain - you get that feeling.
Well anyway, Honorable Sir, I would very appreciate an answer to the very pressing question as to why must a man who is doing such a good job & might in a good point in time as he has, be helped in helping the young troubled generation of our pan &e transferred. I know I am speaking for many & I hope that they will take the time to write you also.

I am not trying to imply that our other priests are not doing a good job also, it is just that Fr. Aube has had a chance to finish what he started & might do more harm than good if he leaves. One of the things that strikes me at the point where they are just now starting to put their trust in the first person they've been able to in three years.

Thank you much for listening to me.

Bishop Primeau,

I am the hostess at Cyril's Steak House in Claremont, where you ate Sunday night. I wanted so very much to speak to you Sunday, but somehow we were all too busy, so I decided to write you a letter. I have so much to say, I hardly knew where to begin. Let me say, first of all, that I have never felt so sad because of Father Aubin's departure. As I am where Father Aubin is concerned, I can't begin to tell you all that he's done for me and my family since we've known him. I was a nurse at the hospital for 3 years and there wasn't a nurse or
doctor there that didn't love him, and count on his help with patients more than any other priest. There was always that special dedication, that sincerity that glowed from him. Most of all, and certainly, most important, the young people of Claremont will miss him terribly. For them, I feel most sad. He has a special rapport with them that is beautiful to see. It's too bad that you couldn't have been here to see it. Teenagers that had been troubled and hard to handle were suddenly showing up at Father Altes' door. They considered him a friend and they knew he cared. At the hospital, we had a lot of youngsters come in after
taking overdoes. The first
person they wanted to stay
with them was Father Alice.
I have four children, and
for the first time this year,
after talking to Father Alice,
asked to go to his Mass.
They actually enjoyed it and
I enjoyed taking them so
much. I have never seen
so many of my friends, so
many nurses, so many
polite men, served at a
Priest's leaving. It seems
unbelievable, that, at a
time, when we all began
to depend on him so
much and need him so,
that he would be taken
away from us. And so
is the reason for my
letter, not only to tell you
how much I love him.
but to ask you why? I and my friends and neighbours, feelsentiment of this decision. We feel that we have a right to ask why. I can understand that all Priests have to leave, eventually, but I can't understand why a Priest must leave just when he is doing the most good, just when these young people who have faith in him are beginning to turn to God for the first time. I have talked to many of his young friends and they truly feel that they have personally been let down. It is easy to see the damage that his leaving has done already. This comes from not understanding and
feel the same. If we are to have a parish that we love, we must feel that we have something to say about our Priests. I feel that the parish members should be consulted before we lose a Priest who has been here such a short time. I would like to know why these decisions are made without someone like yourself or our Pastors taking the time to find out how we all feel about it, and how much hard feeling a transfer might cause if it comes at the wrong time. I'm sure you, Bishop, are going to see what a difference Father leaving will make, especially in the young.
They've never had anyone like him before, and there isn't a priest there now that can take his place. Please answer my letters as soon as possible, Bishop. I am truly concerned. There has been so much resentment and conflict among parish members since the announcement of his leaving. Please help me to understand why no one took the time to find out how important it was to have Father Aureli here at this time, when all his good work was just beginning to show. I shall depend on an answer from you.

Sincerely and respectfully,

Bishop Gilmour,

I am writing to you in regards to Father Gube being transferred from St. Mary's Parish. It seems that when we have a fine young priest who is doing an exceptional job, that they are transferred. Now you tell me what this accomplishes.

I don't know him personally, but I have three children who go to St. Mary's Grammar School. Ages 9-10-11. My children have nothing but good to say about him. I would appreciate a reply.
