Re: Archdiocese of Chicago: Production of Documents: Supplemental Production

Dear Mr. Anderson:

Over the past months we have begun production of documents pursuant to the Mediation Agreement dated September 29, 2006, relating to certain priests of the Archdiocese of Chicago. Those priests with respect to whom at least some files have been produced are listed on the attached table, along with data explained below.

As discussed in earlier correspondence and with your representatives at the times of production, priest-related documents originate at several distinct locations within the Archdiocese, including Archdiocesan archives for priests who are long deceased or departed; In general, the source location of each document is shown in the document identification code assigned to each document. We have received the files from those locations over a necessarily extended period of time. Additional materials have (in the ordinary course of business) been added to those files over time.

In the interest of full disclosure at this point in time, we wish to make available to you additional documents that have accrued in the files that we have produced, since our initial receipt of those files from the Archdiocese. The sources of these documents are indicated on the attached table; as you can see, they aggregate about 200 pages.

I telephoned Mr. Pearlman and Ms. Arbour (on Monday, January 27) to advise them of the availability of these documents, and have spoken with Mr. Pearlman today.

Very truly yours,
