

12:12:25 1 calling the police when he first reported it?

2 A No. Because he was an adult when he reported
3 it.

4 Q But the priest was still -- had still -- had
12:12:34 5 contact with kids, right?

6 A At the time it was reported, no. As soon as
7 it was reported, as soon as we understood who the priest
8 was, he was called into the office, confronted with the
9 accusation, and he at that point went immediately to the
12:12:52 10 Institute for the Living.

11 Q Did he admit it?

12 A Yes, he did.

13 Q So he admitted he had molested kids, and you
14 didn't --

12:13:00 15 A He admitted he molested one person.

16 Q He admitted he molested a child, and you
17 didn't call the police, right?

18 A No, I did not call the police.

19 Q All right. Now, the second instance in Boise
12:13:09 20 you told us about, did you call the police in that
21 instance?

22 A I did not call the police in that instance.

23 Q Why?

24 A Because, again, the victims were adults at
12:13:18 25 the time that the accusations were made.
