

Joseph Regan

John Crowe phoned yesterday to let me know of an allegation of sexual abuse in the 1960's by former Holy Cross Brother Joseph Regan while he was working at Rancho San Antonio. The call came from the victim himself who is being assisted by a support group for those abused. The man has called several times with new questions. John shared what he knew of Regan—that he left the HC Brothers, married, became a cop in Oxnard, and then Regan, his wife and daughter were killed in an auto accident.

John says that the caller sounds disturbed.
