Dear Jim:

Received your letter of June 14 and thank you very much for the same. Your response to me was very much appreciated.

I am looking forward to meeting with you on June 30th at 10:30 a.m. as you indicated.

My interest in the position of chaplain at Xaverian Brothers stems from my concern for youth. I enjoy working with them very much and being part of their maturing process. I have come to know many youths in my ten years of priesthood and still keep up communication with a number of them.

I see the position of chaplain at a Catholic high school as that principally of priest and friend, both to the religious community and the student body. A priest in that the sacraments are dispensed by him, and a friend in that he is kind, approachable and available.

I am grateful to you for allowing me this opportunity to meet with you and for all of your kindnesses to me in the past.

May you summer months be happy and healthy.

Prayers!!!

Rev. James J. Foley,
Parochial Vicar.
