Hi Brown Eyes,

After talking with you last nite  
I feel much better - and went to  
bed - alone - & happy. This morning,  
up early, I wrote cards for the next two  
hours. - thought about you - went to  
Weymouth & picked up four small  
clocks - thought about you - but  
they didn't have the mahogany one  
I wanted so - thought about you -  
a drive to Quincy & got a Seth  
Thomas chime clock - Royal's  
next - thought about you - got

Mr [redacted]  
St Clement's Hall  
199 Foster St

Some ham - thought about you -  
just broke home - 4:36 PM.

Still felt good so I figured as  
long as I thought about you all  
night & day I might as well  
tell you so - I'll mail this  
now so when you read it you  
will know I am still thinking  
about you - Really!!

— a lot —

— all the time —

— with warmth —

Love
