Dear Jack

Finally, an hour ago, I penetrated the diocesan intrigues and was found acceptable to live at Our Lady of Solitude, 151 West Alejo Rd, Palm Springs CA 92262. Pastor is Rev. Wm Eystad. He will let me know room + board which I will pass on to you.

May I ask you to send to ME room and board for Feb and March, and to him (or to me) for April and thereafter, to reimburse me and others who have put up with me for these 2 months.

Also will you send my salary (?) of \$700 (?) for Feb and March to the above rect.

I went through a series of rejections by many rectors hence the delay. One was 65 miles into the wilderness

Arthur was 120 miles away
coupled with my medical problems
and the trauma of leaving
St. James the whole thing was
at times on a nightmare of
stress and tension and despair
Even my going away party
got snowed out so that source
of income was unavailable.

Fred Ryan sent back to me
a bill of \$300 for allergy tests
since Clergy Fund doesn't cover
that illness. Most unjust and
troubling. Is there some explanation
Do you want me to not see all these
doctors out here? Thus no prescription

The Chancellor, or Vicar General
asked me to delay moving in until
he could see me. That meeting
took place this a.m. Most
amiable. They ask \$400 a
month for room + board.

I request that you find it necessary to withhold my income until I find a vectomy. It has complicated everything and forced me to borrow money. I was doing all that I could to find a vectomy.

Please consider which of the expenses the Archdiocese might be willing to bear.

see my income dissipating, but
not have a car is essential)

Will you ask Personnel or

Will you talk to Fred Ryan

Hope you are well and that
