Dear

Thanks for your letter of May 29th. I appreciate your concerns for the Archdiocese and the people.

As for the young person in question, I would suggest that he be encouraged to talk to some priest he feels he can trust. There is some possibility that he is confused about what happened, feels guilty, etc. A skillful priest counsellor might help him come to terms with it all.

As for the other person, please be assured that I will pursue this matter the best I can, respecting the rights and needs of everybody.

God bless you in your ministry.

Sincerely yours in Christ,

Most Rev.  
Archbishop of Cincinnati
