[REDACTED] Re. [REDACTED]

8:45 PM.

Jim claims he never had
sex with anyone else but
boys - never women.

Not a question marks -
sounds so implausible!
Don't feel gd about this -
Dig out memories that are
most real.

My personal opinion → Don't
challenge her story now.
Normally not how healthy
memory works -
Either she is not healthy or
her memory is not accurate.

Makes her a bit dangerous.

If the story is true - I make
no demands of me or Jim -
I still have some serious
to make re Jim -

I just ever because a story -
Potential for all hell breaking loose
For disaster -

Don't think he is a risk
or a setback in many ways.
Not an ideal situation -
but it is workable.
