Dear Fether Brown,

I am writing in regards to Daniel Clark's candidacy to the priesthood.

I have worked very closely with Dan, as youth minister, at least two summers here at St. Lawrence Parish in Lawrenceburg, Indiana. I can truthfully say that he did a marvelous job with the youth program during the summer. It started with a handful of youths participating and by the middle of the summer there were enough to take the school bus to their events. His way with youths ally was an assest to our Parish.

Dan not only was accepted by the youth but also the older members of the parish. His visits to the nursing home and hospitals meant a lot to them. By showing his sincere interest and love to all age groups, he knew no stranger when he left St. Lawrence Parish.

I sincerely give you my recommendation for Daniel Clark to the priesthood.

Sincerely yours,
