Re: Task Force

Thanks to all of you for the splendid assistance on the case of Reverend Dan Clark. Everyone seemed to know what to do, and did it very well.

It is now perhaps time for me to formalize the establishment of a task force for such cases, and because each of you has expressed willingness to serve, I formally appoint you to this delicate work. I cannot thank you enough for your help, and I assure you of my own collaboration at any moment of need.

With this memorandum I am enclosing the "checklist" developed by Father Breen for these cases. It worked very well in Father Clark's situation.
