The Most Rev. Thomas C. Kelly, OP  
Office of the Archbishop  
P.O. Box 1073  
212 East College Street  
Louisville, KY 40201-1073

Dear Archbishop Kelly,

Enclosed is my annual report to you and to Fr. Jenkins on my activities and ministry. I usually like to have it in when the Personal Preference Forms are due to the Clergy Personnel office. However, I wanted to take time to share with my support group first.

The big event was being invited to be on the Advisory Committee of the Jefferson County Health Department's methadone treatment program. The committee is comprised of professionals from the police department, corrections department, and the mental health care community. The director heard of my work with addicts and selected me for a two-year term. I don't mean to toot my horn but I was quite honored. It appears that the committee is pleased with my input.

I am now working on the Wellness Questioner; using the right form this time. I look forward to the process. Once again, I believe the Wellness Program puts our Archdiocese in a leadership role. I know you probably do not hear it enough but, thank you! This is something that has been greatly needed.

Fraternally,

Rev. Daniel C. Clark
