Dear Archbishop Kelly,

Subject: Fr. Louis E. Miller

Fr. Miller and I have worked together over the past three years, focusing on management of his paraphilic behavior and adjustment to changes in his life situation. He has made good progress in that treatment. I believe, however, that it is time to change from the individual counseling format we have been using to a group counseling format. I do not have a suitable group for him myself but know of a few options which I have offered Fr. Miller to consider.

As a culmination and summation of the counseling, I have asked Fr. Miller to prepare a "Maintenance Manual" for himself, for you, and for his future therapists. He has agreed to submit that to you when it is completed. Also, as a close to the counseling relationship, I have asked Fr. Miller to complete a series of tests to assess change over the course of counseling. I will send you a report of the results of those tests.

Fr. Miller is in a very appropriate placement now and seems to be adjusting adequately to it. The following is a list of some of the conditions he has agreed to continue to follow:

- Continued specialized treatment of sexual deviancy until his release is agreed upon by his therapist and you
- No contact with his victims without the express prior approval of his therapist and you
- An alcohol-free lifestyle
- No residence in a setting where there are children
- No employment that places him in contact with or control over children
- No physical contact with children
- No unsupervised contact with children
- No involvement as a supervisor, instructor, leader, or participant in any youth-oriented organizations
