No wonder situation. Kelly busy w/ cathedral rededication.
He keeps it out of his mind, lets it rest. Haven't discussed
situation w/ anyone but Jerry Taniel.

David called Sam. Staged busy. Thru up 3rd & 4th Act w/ in
his mind.

Avoiding it is part of survival. Still pops into his mind.
No animosity - wishes he could give man man.
Keeps working hard quit in 1962.

Feels his guilt & shame is of the healthy sort. Needs to be
more empathetic, remembers that many other people
have hurt people.

Thinks hell never get over this - fear of this happening
again. Doesn't want to be oblivious to himself &
his life.

Withdrawing from some engagements. Turning down several
invitations.

Now has realization of damage he caused & how he
doesn't want to reopen wounds by showing up at
social functions; reminding it.

Dog watches over his 2 cats. God sent her. Aka Kater
Kitten.

Until 10-12 yrs ago never thought his actions caused
pain to people years later, thought his actions were
emotional & that people didn't approve - but didn't

that damage was permanent,
10-12 yrs ago wanted to stop because he started making
the damage he caused - effect on them, effect on
himself

Hasn't tracked anyone since 1985-86; he found the
competition has been 82.

Been now he could not stop competition w/o help. Says
he's come a long way; has gotten to the point, feels
safe w/ me - not using me to avoid other ex. Thinks
his is the best program.

Thinks he's been impatient.

Thinking about whether to go public - come out.

I request complete list of address last year visited in
