* Jan 1992 The daughter claimed she had been molested by Sieg — justice dept. informed and they didn't do anything.

Later, she said she didn't do it, but rather she saw her brother being molested by Sieg.

This has led to his harassing the family — then to the restraining order, etc...

What do you want?

* She wants names of people who were molested here * in orange....
She wants Sieg off the streets *
She is going to do everything in her power to do something

* I told her we had no names, and even if we did we couldn't release for privacy purposes

I told her I would speak w/ Pp
Dussell -

Unclear as to whether I would
contact her or she contact me next.

Reiterated that she use Child Protective
Services... maybe they could help
through official channels.
