Reverend and Dear Monsignor:

To use one of my favorite phrases: "Thank you."
My apologies for waiting this long
to express my very sincerest appreciation
for your immediate consideration of
my, emphatically, greeting, - Predication.
Everything you suggested in our telephone
conversation is absolutely true - working,
once again, in a sacramental framework
with a terrific pastor in a growing
parish. As I review my previous months
I thank God that he gave me the strength
to wait as long as I did because my
appreciation of His Providence is greatly
enhanced. Be assured of my continued prayer
for you and your intentions + In Christ
