

November 2, 1992

Reverend William Lynn
Secretary for Clergy
222 North 17th Street
Philadelphia, PA 19103

Dear Father Lynn,

Thank you for referring Father Avery to The Anodos Center for Psychodiagnostic Assessment. We look forward to beginning the four-day process on November 30, 1992. A conference will be held on Thursday of that week at 2:00 p.m. to discuss assessment results and recommendations.

We invite you or an appropriate representative to attend the conference and we will provide you with a follow-up written report upon receipt of the client's consent. We encourage you to discuss the issue of confidentiality with the client prior to the initiation of the assessment process.

Please complete the enclosed form to provide us with detailed background on issues important for our consideration in assessing Father Avery. We would appreciate receiving it by November 24, 1992 so that we may begin our preparation.

We look forward to working with you in the support of Father Avery.

Sincerely,

Sandra O'Hara, M.S.

Telephone

Rev. Edward V. Avery
Client Name

What are the reasons for referral of this client for assessment?

Allegations of sexual misconduct made by an adult male against Fr. Avery.
The male was in his teenage years when the alleged actions took place.

What specific behaviors/problems have you observed that cause you concern?

1. When asked about these allegations, Fr. did admit to taking the minor
into a place serving alcohol while he was disc jockey.
History of this behavior/problem? _____

2. Father Avery did state that he was drinking at the time the alleged
events took place.
History of this behavior/problem? _____

3. I have observed no behavior or problem that gives me concern. The
above observations were raised after speaking with Father Avery.
History of this behavior/problem? These were raised by him.

4. _____
History of this behavior/problem? _____
