MEMORANDUM

TO: File
FROM: Reverend William J. Lynn *WJL*
Secretary for Clergy
RE: Telephone Conversation With [redacted] James
DATE: February 8, 1993

I had called [redacted] James earlier, and he returned my call. I wanted to inform him of the progress with Father Edward Avery, because I knew he would be wondering at this point regarding his request to have a meeting with Father Avery in order to present his complaints to him.

I explained to [redacted] James that Father Avery was still undergoing evaluation, and only when the doctors said it would be possible for him to meet with him it would be done only under controlled circumstances, and only if Father Avery was willing to allow that to happen.

I told [redacted] James I would get back to him with a better time frame after I spoke with the doctors.
