

November 14, 1994

Reverend William Lynn  
222 North 17th Street  
Philadelphia, PA 19103-1299

Dear Father Lynn,

On November 9, 1994 we had a treatment team meeting regarding Father Avery's course of treatment. It was decided at that meeting that a meeting of Father Avery's aftercare integration team members would be helpful. The purpose of the meeting is to review his progress over the past year, with input from the members of his support team. His team has not met on a regular basis and before any changes were made in the frequency of his therapy sessions, or revisions of his plan to stay well, it seemed wise to meet with those who interacted with Father Avery on a regular basis.

Father Avery will be contacting you and the other members of his aftercare integration team to arrange a time for the meeting. The meeting will take place at Villa St. John Vianney Hospital.

As always, please feel free to contact me if you have any questions, comments or ideas which you feel would further Father Avery's therapeutic progress.  
Best wishes to you in your ministry.

Sincerely,

*Jeanette Weychert, SSJ, Ph.D.*
