DETOX:*THE BEGINNING**OF HOPE***MEDICAL DETOX PROGRAM**

Located in La Jolla, the McDonald Center's **MEDICAL DETOXIFICATION AND STABILIZATION PROGRAM** is the beginning of a wide range of recovery services provided by Scripps. All programs are based on time-tested approaches providing the best outcomes available in the field today.

ELIGIBLE PATIENTS**DETOX:**

- **MEDICALLY SUPERVISED** detoxification in an inpatient setting to facilitate the withdrawal from alcohol and/or other drugs.
- Thorough **SUBSTANCE ABUSE ASSESSMENT**, and psychosocial evaluation.
- Introduction to principles of abstinence based **12 STEP RECOVERY**.
- **GROUP SESSIONS** that focus on the application of recovery tools in daily life.
- Introduction to ongoing **RECOVERY SUPPORT SERVICES** available for patients and their families.

STABILIZATION:

- patients who have completed detoxification but **STILL REQUIRE** medical supervision.
 - Multidisciplinary team provides **ONGOING CARE** and relapse prevention skill development.
 - **GROUP SESSIONS** that focus on the application of recovery tools in daily life.
 - Education provided for **PATIENTS AND THEIR FAMILIES** on the disease model of addiction.
- PROGRAM BENEFITS**
- Are provided by **SKILLED PROFESSIONAL STAFF** who understand the recovery process.
 - Include a **FREE INITIAL ASSESSMENT** to identify the most appropriate level of care.
 - Offer the lowest, **MOST COMPETITIVE PRICES** for any program located on a hospital campus in California.
 - Are **COVERED** by many managed care companies and other insurance plans.

28 DAY RESIDENTIAL RECOVERY PROGRAM

Located in La Jolla, the McDonald Center's **RESIDENTIAL RECOVERY PROGRAM** is the core of a wide range of services provided by Scripps. All programs are based on time-tested approaches which provide the best outcomes available in the field today. Daily, miracles can and do occur for individuals and their families suffering from the impact of chemical dependency.

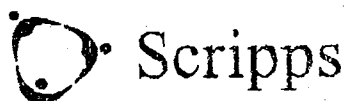

KEY ELEMENTS OF THE PROGRAM

- **12 STEP** abstinence based model.
- 28 days in a structured **DRUG FREE** environment.
- Instruction in the **TOOLS AND SKILLS** required to develop a life-style of recovery.
- **RELAPSE PREVENTION** is specifically geared for individuals who have worked a 12 step program and relapsed.
- **GROUP SESSIONS** that focus on the application of recovery tools in daily life.
- An intensive 4 day **FAMILY PROGRAM** designed to bring families back together.
- Free weekly **AFTERCARE** for one year following discharge.

The **RESIDENTIAL MODEL** provides the greatest degree of support and help possible. It is designed for adults who are medically stable and/or who have completed a Detox Program or who have successfully detoxed in their home environment.

- Are provided by **SKILLED PROFESSIONAL STAFF** who understand the recovery process.
- Include a **FREE INITIAL ASSESSMENT** to identify the most appropriate level of care.
- Offer the lowest, **MOST COMPETITIVE PRICES** for any program located on a hospital campus in California.
- Are **COVERED** by many managed care companies and other insurance plans.

After 20 years, over **20,000 ALUMNI** are scattered across the United States and other many countries. The most common statement we hear from them is, "I love the McDonald Center; it saved my life!"
