A man named [REDACTED] [REDACTED] called. He was allegedly victimized along with several other young boys, when he was 15, 16, and 17 years old at St. Anselm's in Swissville, PA and St. James, Swissville, PA, and here in Seattle by Mike Cody, and he also mentioned [REDACTED] of Pittsburgh, who has since died. He is 44 years of age now, has been to Vietnam, and is in counseling with the Veterans Administration. Says all of his past has interfered with his work. Says had trouble with authority figures, and when he sees a priest and sees kids, he freezes. Sounded like he was crying. It took quite awhile to get the foregoing information out of him. He appeared to be crying at one point. Says there is a court case going on in Pittsburgh, and there were five people picked up, and he is under subpoena to go back there to testify. He started at one point to talk about "60 Minutes", and also indicated he has films and pictures of them when they were together. He also indicated he has a complete file from here at the Chancery on Cody, and even knows the license plate on his car. He is a Merchant Marine who makes \$5,000 to \$6,000 every two weeks, and when this comes up, he gets off and can't handle his emotions. Later he said he was victimized for 4 or 5 years.

He has an appointment on Thursday. Can't work because of "this thing". Can't collect unemployment. He is looking for some financial assistance. We talked about counseling, and he said if we want to hook him up with a psychiatrist or counselor, that is o.k. with him.

He is waiting for Cody's.....(trailed off) Says one of the victim's attorney's wife was victimized also by Cody. He kept referring to a letter he got from someone who told him exactly where Mike Cody lives in Florida, etc., and indicates he has copies of everything in our files. He mentioned that Mike went to WSU from '69-73, Bellingham, Highland Drive, three other places, etc., etc. He indicated he would call us back on Friday, 4/28 and let us know what he would like to do regarding talking to Jessie Dye.

Per Carol Ann, Jessie is leaving town, and we can get ahold of Judy Knight or someone there at JARA to interview him.
