

may have the privilege of seeing you Excellency then
 - Sept 18 - 57 -

Most Reverend and dear Archbishop
 Most dear Confessor: -

May I beg your Excellency to concur
 and approve of a what I consider a
 very vital decision on our part - that for the
 sake of preventing scandal that might endanger
 the good name of Vir Cole we will not
 offer hospitality to men, who have seduced
 or attempted to seduce little boys or girls?
 These men your Excellency are devils and the
 wrath of God is upon them and if I were a
 Bishop I would tremble when I had failed
 to report them to Rome for involuntary laytons.
 It is blasphemous to let them offer the Holy Sacrifice
 of individual Bishops presiding you your
 Excellency can say -

FATHER GERALD, S.P.

Experience has taught us these men are
too dangerous to the children of the parish
and neighborhood to be for us to be justified
in receiving them here - Your Excellency can
if you wish say - you do not wish to interfere
with the Rule - Experience has dictated.

It is for this class of rattlebrakes I
have always wished the island retired
- but even an island is too good for these
rippers of whom the Gentle Master said - it
were better they had not been born - this is
an indolent way of saying damned is it
not?

When I see the Holy Father & some
going to speak of this class to His Holiness -
they should be as facts reduced to lay men
when they act thus & in spirit -
To your Excellency
