Dear Mr. Wells:

Please be advised that I represent Reverend James Janssen relative to your letter which was mailed on February 23, 1987.

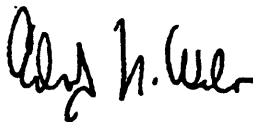

Fr. Janssen was shocked at receiving the letter and steadfastly denies the stated allegations.

You should be advised that the threats that you have made in that letter are not only denied by Fr. Janssen, but we treat the same as slanderous, and would be compelled to defend any further actions on your part.

If you persist in these allegations or pursue any further actions, we will not only have to defend the same, but will be required to sue you for the ensuing damages to Fr. Janssen's reputation and standing in the community.

I would appreciate it if you would immediately consult a lawyer and have your lawyer in turn contact me so that this matter can be resolved at the earliest possible moment.

Very truly yours,

EDWARD N. WEHR
