Dear Jim:

I received a letter from your mother today saying that you would like to know the results of my investigation.

At this time, I am not really sure of what investigation I will make, though I will make a follow-up and report that to you. However, if you are looking for something specific, I would like to know what that is so that I can follow up on it.

Sincerely,

Rev. Msgr. Michael J. Morrissey
Vicar General
