Dear Father Shanley:

I learned from Father McCormack that you continue not to feel well and that you have also been experiencing a malaise. I am sorry to hear that your health has not improved and my prayer is that you will experience better health over the next few months.

I am pleased to extend your sick leave for another twelve months. My prayer is that this will provide you the time and opportunity to grow in strength.

In my conversations with Father McCormack about this matter, I asked him to keep in touch with you during this time. I also encourage you to do the same with him.

If I can be of help in a particular way during this time, Paul, please do not hesitate to contact me.

With warm personal regards, I am

Sincerely yours in Christ,

*Edward Cardinal Garry*  
Archbishop of Boston
