RE: Rev. Thomas Forry

Attached is a letter that came to me some time ago concerning Father Thomas Forry. I send it to you because I have just become aware of it. I would like to suggest that you speak to Father Forry in your office as soon as possible concerning its contents because, as you can readily see, it is very serious.

Once you have interviewed Father Forry, you should inform the Archbishop. If I can be of assistance when I return from vacation, please let me know.
