### BATTLING MALARIA IN BURUNDI

Malaria claims almost one million lives every year, and most of them are children. The St François d'Assise Anti-Malaria Center in Bujumbura has received grants from the Papal Foundation since 2003. The grants are the only source available for hiring the staff needed to aid patients who suffer and educate the community about prevention techniques. This is an enormous task. In 2010, the Center assisted over 30,000 patients.
