From the above list, there is a total of 31 individuals who are in residence at the old Accion Hotel building, including the individuals who are on itinerancy, but still are considered residents there. If we missed anyone who should be on the list above, please add their names where appropriate?

In the interest of transparency, please provide me a roster of *all* individuals living at the old Accion Hotel in Yona; or who consider it their residence if they are on itinerancy? This list should include all individuals, family members, any religious or other clergy members who are residing at the old Accion Hotel building, or who consider it their home or residence of record.

Please send the list to me at the above mailing address, or if more convenient, you can email me at djsablan@guam.net.

I await your reply within the next two weeks.

Respectfully,
CONCERNED CATHOLICS OF GUAM, INC.
