

TO: FILE  
FROM: PAUL E. BRODEUR, INV.  
RE: PRIEST COMPLAINT  
DATE: 23 SEP 02

A letter was received this date advising that a Fr. Alfred CONSTANT had violated [REDACTED].

Spoke with: [REDACTED]

[REDACTED] advised that he grew up near and attended St. ANTHONY School for 13 years all through grammar school and graduated from the high school.

[REDACTED] advised that he was in the 7<sup>th</sup> grade in 1952. [REDACTED] advised that the Nun would advise him and other boys that they needed to go to a small office on the first floor that was occupied by Monsgr. Alfred CONSTANT. CONSTANT was the Pastor of the parish at the time. The boys were being sent to the office under the pretext of going to confession. [REDACTED] advised that there were 3 or 4 visits to the office where [REDACTED] merely put his arms around the shoulders of [REDACTED]. After that CONSTANT asked [REDACTED] to "see his pee pee". [REDACTED] advised that CONSTANT then manipulated his pee pee on two occasions. [REDACTED] feels it did not go anything further because of his reaction to the advances.

[REDACTED] advised he is reporting this merely as a release of his mental anguish and nothing further. He will not reveal any other names of other boys sent to the office and feels they need to contact OAG if they so desire.

[REDACTED] advised that CONSTANT passed away a number of years prior.

Attorney General

After much pensive thought and deliberation, I have decided to tell you of my experiences at the hands of this pedophile.

During my seventh grade (1952) at St. Anthony school under the premise of hearing confession I would be summoned to the school office of Alfred Constant (whose picture is enclosed) where I was sexually assaulted. This problem was ongoing in the 50's!
