

SUPPORTING WITNESS NO. 2

SW No. 2 was sexually molested by Father Cotter for approximately three years. He was in the 8th grade when it began in 1967 and in the 11th grade when it ended in 1969. The incidents of abuse occurred frequently in SW No. 2's bedroom in his house when Father Cotter would visit to say goodnight and hear confession. Father Cotter was friendly with the family of SW No. 2.

It is likely that at least one other sibling in this family was molested. This other sibling does not wish to discuss his experiences with Father Cotter.

No claim is being made at the present time on behalf of SW No. 2. He is willing to support the other claimants.
