August 1st, 1989

Dear Bill,

Enclosed is the information on the specialized Clergy training at Golden Valley. I have received excellent reports from it.

Also, I contacted the treatment center again and requested that an assessment be done even though my recovery has continued with my groups and O'Connor. Last week, it was done over the phone and the staff at Golden Valley will review the assessment. I gave them permission also to discuss it with Dr. O'Connor. After I took it, I was once again told that "inpatient" was contraindicated but they would go ahead with the review for my sake. I told them I just wanted to be as sure as I possibly could be.

Fraternally,

A handwritten signature in cursive script, appearing to read "Dan".
