Dear Ms. MS-6's Wife's Maiden Name:

Your letter of March 10th is compelling in the picture it gives of your current difficulties. I am deeply sympathetic with your plight, but I cannot agree that one of our priests is at the basis of these problems, which appear to have their roots in a marriage earlier than the one to MS-6. In any case, because you have signed a release in this matter, I feel bound in my stewardship to the Archdiocese to make no additional financial contribution to your needs beyond the settlement already agreed to by you and your lawyers. I deeply regret your present circumstances, but I do not find myself able to alleviate them in any way.

With prayerful best wishes,

Devotedly yours in Christ,

Archbishop of Louisville
