RE: Reverend Edward V. Avery (1970)
Assistant Pastor - Saint Agatha-Saint James Church

The Chancery Office reviewed the status of the assignment of Father Avery at Saint Agatha-Saint James Church with Father Devine and Father Avery. The substance of our discussions is that Father Avery believes the time has come for a change in assignment from Saint Agatha-Saint James Church due primarily to the burdens of the hospital ministry. Father Avery and Father Devine are of the opinion that the work with the Hmong people can continue even if Father Avery is assigned in another parish. Father Avery informed me that he would like to be considered for an assignment in a black parish in the city in either North or West Philadelphia. If Father were so assigned he would be able to continue his work with the Hmong people. I assured Father Avery that he would be considered for a change in assignment effective Spring, 1984.
