Very Reverend and Dear Father,

After much thought I feel that I should bring the following matter to your attention.

In the course of giving spiritual direction I have been told that Fr. Andrew Ronan, while at Benburb, manipulated the reproductive organ of a young religious until, in spite of several warnings, the religious arrived at orgasm. The person involved consented to let me do what I found necessary in regards to this information.

I wish to point out, Father, that I'm making no accusation but merely stating a fact. I ask you to keep in mind that the incident occurred some seven or eight years ago. There was no attempt made to do the same thing a second time with the same person and it might ~~merely be an isolated~~ happening better left ignored.

Nevertheless, since I cannot myself look any further into the matter, considering the fact that Fr. Ronan's way of acting has always struck me as slightly strange, and considering also that he is working in the high-school, I feel that you should be informed so that, if you deem it wise, you can assure the isolation of the fact.

I regret, Father, having to send you a letter like this. God grant that it do no harm to an innocent person.

Respectfully yours,

*John M. Doherty, O.S.B.*

Memo re Fr. Ronan.

As my term of office draws near to an end, I am reminded by a letter from Fr. Doherty of Louvain, that I must put on record some sad facts about Fr. Roman. I removed him from Penturb because he was accused by a religious there of homosexuality, and admitted same to the Prior who was Fr. Daniel O'Malley. The Prior referred the details to me and Fr. Ronan was removed immediately. Fortunately his removal coincided with a trip to the U. S. A. anyway so no wonderment was caused. It seems from his own admission that this fault goes way back to his early life, and even though he overcame it for many years, it is still deeply rooted within him, and comes out too it would seem when he takes a few drinks. I wanted Fr. Ronan that drastic action would have to be taken if and when it occurs again. In any event I feel that he should never be given an office - I am certain he can never be trusted. Fr. Vincent O'Shea who was socius and Fr. Daniel O'Malley and myself, and now Fr. Doherty (JOHN) are all to my knowledge who know anything specific of his difficulties.

Memoranda:

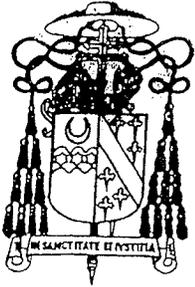

Fr. Andrew M. Ronan was accused by three different priests of homosexual activities with students of St. Philip High School. The accusations were made during the month of December, 1964. The priests are: Frs. Anselm Dennehy, Mark Dennehy, and Brendan LaFave. All were certain of the truth of their accusations, and all approached me independently of each other. On all I imposed secrecy for the good of all concerned.

When I told Fr. Ronan of this, he did not deny. He stated that this has been a long term problem for him and he turned himself in to Fr. O'Malley at Benburb years ago. When he was removed from Benburb, he does not understand why he was assigned to work at a boys' high school in a counsellor's private office, where temptation would be maximized. He anticipated that his homosexual activity would come to light eventually and asked not to be assigned another high school.

Fr. Ronan readily admits his tendencies, thinks he can control them under more favorable circumstances with the help of God, and is resolved to do so. He is grateful to the men who reported him.

In all his future assignments this trait must be taken into consideration.

I talked to no one else about Fr. Roman prior to reading.

Bright but doesn't do well in school. He needs a great deal. But he

also some reason for enmity or hatred between you and the above priest?

No there is no enmity between me & Fr. Roman. My first thought

EXAMINATION OF WITNESS

On Tuesday, January 18, 1966, the undersigned Rev. Bertram F. Griffin duly appointed by the Most. Rev. Edward D. Howard, Archbishop of Portland in Oregon to the office of Inquisitor in the case of Paul Valenti vs. Rev. Andrew Ronan made arrangements by telephone to interrogate Mr. \_\_\_\_\_ counsellor at the Donald Long Juvenile Home.

The undersigned identified himself as representing the Archdiocese and asked for an appointment. Mr. \_\_\_\_\_ asked the nature of my business. I told him I was interested in a character reference for \_\_\_\_\_ one of his counselees. After a pause, Mr. \_\_\_\_\_ stated "Oh, yes. I know about the matter." Appointment was then made for Thursday, January 20.

At 9:30 A.M., Thursday January 20, 1966, the undersigned interrogated Mr. \_\_\_\_\_ in his office at the Donald Long Juvenile Home. Mr. \_\_\_\_\_ stated that he was not Catholic, he was aware of the matter which I wanted to discuss with him, but he did not know our procedure. When asked if he would testify under oath or mind if I wrote his answers down or sign a statement, he requested that the conversation remain unofficial. He preferred not to sign anything because of his professional status. He realized however that I would write a report of the interview. I am convinced of the counsellor's integrity and honesty. The following record is as faithful a report of the interview as memory permits.

Q. Do you know or suspect the reason for this interview?

A. Yes, \_\_\_\_\_ told me about the matter. He said that he had been to the Archbishop's office to fill out a complaint. He told me what the complaint involved.

PD-HO 0111

Q. When did you first become aware of the matter?

A. Actually, the priest came in to see me about it first. The priest is Father Ronan from the Sanctuary; I had know him previously. He came in to see me, I believe the day that he talked with the Archbishop. He said that \_\_\_\_\_ had accused him of some sexual matter although he was not specific. Father denied the incident and state that such accusations are "an occupational hazard for a Priest". He has since called me a few times to ask if I have been contacted by anyone from the Chancery office.

I had to call \_\_\_\_\_ in anyway for parole violation. He had skipped several days of school. I asked him where he had been. He claimed that he had spent the two days at the Chancery office. When I pinned him down he finally admitted that he was with the Bishop only for one morning. When I asked him what the matter was all about, he said that he had to report Fr. Ronan. He said Fr. Ronan was a "bad guy." He claimed that some time ago, Fr. Ronan had seen him at the Sanctuary. They went to one of the guest room, a room with a high window a bed and a chair. Father sat on the bed and \_\_\_\_\_ on the chair. Father asked \_\_\_\_\_ to sit beside him. He asked \_\_\_\_\_ if he felt any pain in the groin. He then tried to touch \_\_\_\_\_. He said he wanted to see how \_\_\_\_\_ responded to pressure. Then he tried to force \_\_\_\_\_ down and get on top of him. I didn't believe

. at first and asked him what he was doing all this time. claimed that he couldn't believe it was happening and was unable to do anything. Finally he said he had to go.

Q. Did say that this had happened on other occasions?

A. At first said it had happened on three or four occasions. Then he admitted that this specific thing happened only once. Perhaps the former occasions were advances which only now was able to interpret.

Q. Do you believe ? Is he capable of lying in the matter?

A. I had see a staff psychiatrist. The psychiatrist told me that has a psycopathic personality. He manipulates people and tries to obtain thier sympathy. He is unable to cope with authority. is perfectly capable of projecting his only feelings or desires into an innocent situation or even of lying. However I can't discover any motive why would lie in this matter. Because I can't see any motive, I suspect that is somewhat telling the truth. However, has very little emotionally feeling. He puts on a front of great emotional disturbance and anxiety whereas he actually feels very little. I was unable to pin down on specific dates or occasions.

PD-HO 0112

Q. You say that you knew Fr. Ronan previously. What is your opinion of his character?

A. Actually I don't know Father very vell. I am not Catholic and don't know any priests personally. I knew that Fr. Ronan was doing counselling and was

interested in his approach. It impressed me that a clergyman would take that much interest in problem boys. I had lunch wone day with Father at the Sanctuary. He told me that he had workd in Chicago with problem boys; that he had written to the Portland Police asking to be their chaplian and had been accepted. He had also written to the Sherrif's office but had received no reply. I asked him how he contacted these boys living way out in the woods as he did. He said that he did not search them out, but people referred them to him. I asked him what approach he used. He said that it was a compination of religious help and counsellang. However he did not force religion on them; they went to church for that. I don't know anything about Father's reputation. However I understand that ~~th~~ Father has been doing this kind of work for many years (20?); I know that homosexual activity breaks out long before this. If statement is true, Father must have been in troubl before. On the other hand, if is lying, I can't understand what his motive would be.

Q. Do you know if anyone else is involved in similar matter?

A. No, I don't.

Q. Is this matter on record?

A. I will keep the matter confidential. However, insofar as the matter affects

I will have to make a report. However I will not involve any names.

I understand that you are not out to punish anyone. If the story is false, you want to clear the matter up, if possible. If the story is true, you want to help Father and protect others.

Q. Would you be willing to sign a statement or testify under oath?

A. I would rather not. I have only stated my impressions; these are quite subjective. Objectively, I am aware of no facts. All I can say is what and Father Ronan have told me and estimate personal involvement.

After the interview, the undersigned recorded what he could remember, in so far as possible in the words of the witness.

## THE SERVITE FATHERS

OUR LADY OF SORROWS PROVINCE  
3111 W. VAN BUREN STREET  
CHICAGO, ILL. 60612

January 27, 1966

The Most Rev. Edward D. Howard, D.D.  
2838 East Burnside, P.O. Box 351  
Portland, Oregon 97207

Your Grace,

It's with a very heavy heart that I write this letter to you, fearing that it will mean another cross added to your shoulders - and in the 60th year of your wonderful work on behalf of Christ and the Church.

The day after I was elected Provincial (in June of '65), Fr. Loftus, my predecessor, went through the entire sacerdotal personnel of our Province with me, informing me of all secret social, physical, and moral problems that afflict individual priests. In the course of this meeting he informed of Fr. Ronan's problem.

Since then I've been under the impression that everything was working out for the best, and haven't received a word of accusation against Fr. Ronan - in fact, on the contrary, he's been praised on several occasions for the fine work he was doing.

Your letter arrived about an hour ago, and I went through Fr. Ronan's file. The enclosed photostats were all sealed, and marked "For the Provincial Alone." The copies may not be very good, but I've never run the machine before, and wouldn't entrust the contents to my secretaries. I presume some accusations have been made to you against Fr. Ronan.

I spoke to Fr. Courtney, who was Provincial at the time these records were made, and he believes, if concrete charges have been made against Fr. Ronan, that I should apply to the Sacred Congregation for a decree of laicization. If you concur in this opinion, I'd appreciate your supplying me with whatever information you may have. Last summer, while the General was here, Fr. Victor Leonard, O.S.M., Provincial of the St. Joseph Province, and I requested the laicization of another priest who suffers from a similar problem. Our appeal was refused pending documentation - names, dates, witnesses, and the like - for otherwise the Congregation and the Order could be liable to a defamation of character lawsuit.

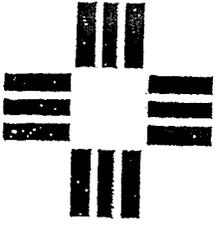

Please forgive us for adding this case to your many problems. But I'm sure God will reward you richly for your solicitude and kindness to the unworthy brothers of his Son Jesus.

Hoping to have the pleasure of meeting you on my visit to Portland in February, Your Grace, I remain

Sorrowfully yours in Jesus and Mary,

The Very Rev. Terence M. O'Connor, O.S.M., Prior Provincial

This morning a lawsuit was filed against the Archdiocese of Portland in Oregon. We believe that plaintiff, John Doe, is the same individual who complained to the Archdiocese in 1966 about Father Andrew Ronan a Servite priest assigned by his community to the Grotto. On hearing plaintiff's allegations, the Archdiocese took swift and decisive action. Judicial proceedings were initiated under Church law. Ronan was laicized in March 1966, and left Portland shortly after. Even the plaintiff does not allege that the Archdiocese of Portland had any prior knowledge of complaints against Ronan. Ronan died ten years ago.

In the interest of accuracy, there has never been a St. Albert's Parish in Portland.
