Hope your trip to Ireland went well. I'm going for a week in August. Attached is some material that Father Das Neves sent to me. As you would be aware, the information about transferring the Sunday obligation is incorrect. Secondly, I would suggest that you contact Tony about the clarification for your parish boundaries.

Dear Msgr. Webber,

Thanks for your information from this morning's conversation.

Responding to our conversation, I am sending a copy of the newspaper that a parishioner from Helendale (or Silver Lakes) gave to me yesterday.

The boundaries for the parish of Christ the Good Shepherd are according to the Diocesan Directory except the westside which starts on Palmdale Rd. (Hwy. 18) and that was after Holy Innocents was established.

Holy Innocents boundaries were determined before the parish started functioning 2 years ago and if I remember correctly, it was to be between Interstate 15 and Hwy 395, on the west at Main St. (toward Hesperia) and on the east at Mojave Road.

Also, I am enclosing some more information that could be helpful to you and I would really appreciate it if you would please give it to Mr. Philip Sousa.

Sincerely yours in Christ,

Rev. Antonio Das Neves

Dear Father Brennan:

I am glad to appoint you founding pastor of Holy Innocents Parish, Victorville, effective September 1, 1991.

The actual initiation date of the parish will be set once a place where mass can be celebrated is designated, even though preliminary meetings, community formation, and dialogue with the neighboring pastors needs to be undertaken. Upon your return in September, please schedule a meeting with me so we can discuss plans to start this new parish.

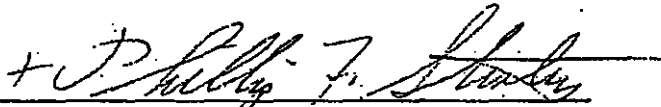

As I entrust to you the pastoral care of God's holy people, I ask that you take a personal and special interest in promoting and praying for vocations to the priesthood and religious life in our diocese. In the prayers of priestly ordination, the church prays that the special outpouring of the Holy Spirit will renew in the candidate the grace of holiness of life. As you assume this new office, I pray that in and through this ministry you will grow in priestly holiness, sharing the joy and peace of the risen Christ, his first gift to his church.

Dear Monsignor Behan,

Thank you for your letter of February 19th, 1991, regarding the vacant pastorates in the diocese of San Bernardino.

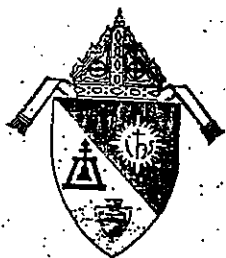

Since Bishop Straling has graciously honored me with an invitation to return to the diocese as of July 1st, 1991, I would like to apply formally for the pastorate of Sacred Heart Church, Redlands.

I feel I have the fruits of thirty years' experience in priestly service, more than half of which has been as pastor. During these last few years I have had the opportunity to renew my priesthood and deepen my commitment to the Church, and feel that I have many spiritual and pastoral benefits to offer the people of this parish. During my time in San Francisco I have had the opportunity to attend various seminars and workshops, including the key lectures at the current Vatican II Institute at nearby St Patrick's Seminary in Menlo Park. I am presently taking Spanish at a local College and will be sufficiently versed in the language to deal with a limited number of hispanic pastoral situations if called upon.

I hope that you and the members of the Personnel Board will look favorably on the considerations I have shared with you.

Fraternally yours in Christ,

Dear Peadar:

I hope everything is going well for you in the San Francisco area and that you are getting adjusted to life up there.

Regarding your membership in the Diocese of San Bernardino Pension Plan, I am wondering if the diocese there on a parish level has an annual payment to such a plan for their priests. This year, we are being assessed \$1,900.00 per priest from each parish and institution to fund the pension plan here. Would you please let me know what arrangement you wish to make about the payment of this to ensure your benefits upon retirement?

I ask that you begin in this position and, provided nothing unforeseen happens, continue there until June 30, 1989. I have spoken with Father O'Donnell and he thinks this arrangement would be suitable for him, so that he might begin to supervise ministry at St. Francis of Assisi Parish in La Quinta.

I think, our recent meeting was productive and, again, I ask for your full cooperation in not, in any way, being involved in the lower desert and La Quinta areas. I know you will take this very seriously for your own welfare and that of God's people in this diocese.

Your Excellency!

When my wife and I are in Palm Springs during part of our winter vacation, I always take up the opportunity to attend the celebration of Mass at St. Francis of Assisi Church in La Quinta.

I particularly appreciate what I take to be the Irish wit and religiosity that Father Brennan brings to the Mass and that he injects into his homilies. The participation of the congregation in the liturgy and the energy the choir brings to its purposes suggest to me something right about Father Brennan's leadership. He is moving the congregation (I hope it is against the prevailing secular trend, and yes, hedonism, which so much characterizes attitudes in western America and, I dare say, Palm Springs in particular).

I hardly expect a reply to this letter. Simply take it as a positive comment on the work of a priest of your diocese.

I suspect that on reading this you will experience a legitimate curiosity about the maker of these comments. I was raised in what was the St. Peter's colony of Saskatchewan, an agricultural colonization of Benedictin monks originating from St. John's Abbey, Minnesota. In my high school, my Latin teacher was an Irishman who had taught in College schools in Ireland and in other parts of the British Empire. After study at St. Thomas More College, University of Saskatchewan and the Law Faculty here, I ended up at Oxford University in England, where I read law. During my interval there, I spent time in Ireland (Ulster and Eire). Since then, I have met many Irish expatriots. Now I practice law as a barrister (Canadian/English terminology for a trial attorney). Ultimately, I have become a Knight of the Order of Malta (and not a pretender order).

I have never spoken with Father Peter Brennan in person. He does he know me: my comments have been prompted by personal observations only. I have the privilege to remain,

Yours faithfully,

H. R. Kloppenburg

Dear Mr. Tourtelot:

The Bishop referred your letter of April 21, 1987 to me and until you sent your recent follow up letter I thought I had answered referenced letter. Upon checking my files I, in fact, did not and for this I sincerely apologize. Whatever blame or guilt exists it rests on my shoulders.

I have checked into your situation and after discussing it at length with Mr. Fred Simon of St. Francis of Assisi Parish in LaQuinta I agree there is no ready solution to your problem. It is my understanding from your letter and my discussions with Mr. Simon that in agreement with Fr. Brennan you would donate monies toward a shrine to Our Lady of Lourdes. From my conversation with Fred Simon the only thing available is the altar which has been installed on the Blessed Virgin side of the church. In addition it is the policy of the parish that no plates bearing names of donors will be placed on any donated item. All persons who have donated will be honored and remembered on a large plaque which is to be installed in the vestibule of the church.

Your letter indicated you want your money transferred to Sacred Heart Church in Palm Desert. This will be accomplished but first I feel you need to correspond with Fr. Timlin to determine specifically what it is that you want done with the money you have donated. In addition, I want this approved by Fr. Timlin so that in the future both you and Sacred Heart Parish know and understand the purpose of your donation. Many times verbal communications lose much of their identity particularly when a lengthy period of time has passed.

Thank you for your letters. Bishop Straling has a deep concern that when a donation is made for a specific purpose that that purpose is accomplished. That is why I feel it is necessary that your request to Fr. Timlin be in writing and that it is detailed insofar as your expectations are concerned.

Dear Mr. Simon:

I want you to know that I sincerely appreciated the talk we had during my Parish Visitation at St. Francis, as well as the delicious luncheon we shared.

It was good to note that there has been some reconciliation between you and Father Brennan and that he will be working with you and other members of the Building and Finance Council.

During the visit, I talked with Father Brennan about the altar, as well as the plaques, that will be installed in the church to commemorate the various gift donors. He advised me that the cost would be approximately \$25,000.

As Father and I discussed, when this project is completed, there is to be a freeze imposed on all non-essential parish expenses and no dividers are to be installed in the parish hall, until there is a marked reduction in the parish debt. We must continue to reduce this debt, so that the interest does not consume all of the parish resources.

The plan to invite parish visitors to help the parish by contributing, sounds like an excellent one. Perhaps, if one of the parishioners could say a few words about this debt to the congregation before each Mass, this could bring in additional revenue.

It was good to hear that another major fund-raiser is being planned. This should encourage participation for those who have not contributed or have not followed through on their pledges to the parish.

Mr. Fred Simon
January 23, 1987

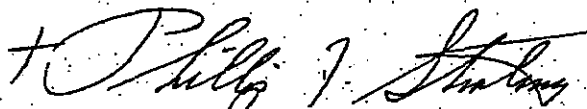

I wish to express my appreciation to you for all that you have done for Father Brennan by helping him through some very difficult times. I realize that he has not always appreciated what you have done for him, but with time, he may see how much you have really done to help him. I believe Father has taken the necessary steps to sever the past relationship, as well as making the effort to keep this particular person away from St. Francis. Unfortunately, we cannot close the doors to her, but we have, at least, discouraged her attendance and involvement.

As I left the valley that day after the visitation, I felt a sense of deep appreciation for all you and your wife have done for the church. You have continued to serve, when many others would have given up. To me, this is a sign of deep faith and a real love for Almighty God.

During my annual retreat, I remembered your sister in my Masses and asked the Lord to give us, who are still here on earth, the comfort of knowing our loved ones are with Him.

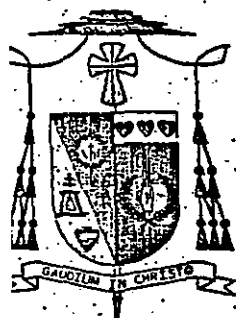

May God's choice blessings and graces be upon you, your wife and family.

St. Francis of Assisi

La Quinta, California 92253

Dear Father Brennan:

I sincerely wish to thank you and your parishioners for the very cordial and warm welcome that I received on the occasion of my recent Parish Visitation. I am also most grateful for the lovely statue of St. Francis of Assisi that was presented to me at the close of the meeting.

Since my last Parish Visitation, when Mass was being held at Simon Motors, many good things have taken place at St. Francis. I wish to emphasize my satisfaction with what has taken place since those early days, but also wish to stress the areas where I feel there is still a need for further growth.

One area that must be given immediate attention is the development of a Parish Council, which should begin with the formation of a steering committee. The parish should be educated as to the nature and purpose of a Parish Council before the actual formation of the council can take place. The steering committee could serve as a temporary council until the actual Parish Council is established. However the formation of the Parish Council must be given top priority.

The second advisory body that is required in a parish is the Finance Committee. Although you already have a building committee, which partially serves as the finance committee, I recommend that this one body also be responsible for all finances. I also recommend that the parish audit be used to prepare a financial

Brennan-WOA 0000033

Reverend Peadar Brennan
January 20, 1987

statement and an annual financial report be given to the parish, so that parishioners will know what monies are coming in and what is being spent. This is most important since there is a large parish debt and this is one way to encourage people to take the responsibility of paying off the debt.

I commend you for the scripture program that you are presently offering, however, there is a need for ongoing education and, in particular, for future parish leaders. I would like to see candidates in the Straling Leadership Institute or the Escuela de Ministerios. I also note that many of the CCD teachers do not have their certification nor are they working toward it. I am certain that someone in the valley with a Master's Certificate could be found who could assist in training your teachers.

After reviewing the Self-Study Guide evaluation, as well as listening to people at the public meeting, and those I met outside the church after the Masses, there seems to be a need for different parish services and programs, such as greater Youth Ministry, Ministry to the divorced, widowed, single people, and programs for families, etc. There seems to be a readiness on the part of the parishioners to become involved and active. One of the tasks of the Parish Council would be to determine which programs and ministries need to be initiated at this time.

There is also a need for some type of Renewal Program in the parish. I was pleased to note that you have a RCIA and that you have had fourteen people go through the program this past year. I was surprised, however, that there have not been more people in the parish to take advantage of Marriage Encounter, Cursillo, Charismatic Renewal or some of the other movements as these can be great renewal program for your parishioners.

I feel that the Parish Finance Council should discuss the matter of the rectory to see what arrangements can be made, to either purchase the building that you and your sister own, or find another facility that could be

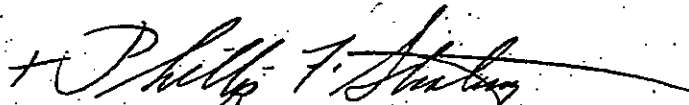

Reverend Peadar Brennan
January 20, 1987

used as a rectory. At least, there should be some definite plan and cost determination for this matter.

As I mentioned to you and at the general meeting, there must be a freeze on all future development and spending, other than the essentials needed to operate the parish. Two exceptions that we noted, one was the side altar which would complete that phase of the church construction, and to place the plaques on the back wall in honor of the donors. However, the sliding panels that were planned, or any other projects, should be suspended until the parish debt is reduced. A great step forward would be to sell the property on Washington, if we could get \$450,000.00 for it, this would still leave a debt of approximately \$550,000.00. I was pleased to hear that you are planning another pledge drive to obtain funds, as well as making an effort to encourage the "Snow Birds" who occasionally attend one or two Sundays to give a donation to the parish. As I suggested, perhaps one of the members of the parish could give a little pitch for support before the Masses.

Again, I wish to commend you and your people for the progress that has been made at St. Francis Parish. Hopefully, the above will give some direction toward growth, so the parish will continue to flourish and prosper. With thanks to you and your people and asking God's continued blessings and graces upon you and your ministry, I am

Sincerely yours in Christ,

We would like to be supportive of your ministry and the good work that you are doing for God's people but we feel that your request at this time is not in the best interest while our parish family is in the painful process of growing into a unified community.

Re: Holy Innocents, Victorville

In accordance with your request, we audited Holy Innocents yesterday (the report will follow). As a result of that audit it was noted that the bookkeeper was paying Fr. Brennan's BankAmericard bill each month (at his instruction). It was not uncommon for him to give her a check to cover part of the monthly statement. In October she paid \$3,564.06 (he wrote a check to the Church for \$1,549.81). It would appear that Fr. owes the Church \$2,014.25 from that October statement because the nature of the charges appeared to be personal.

My concern is this; once again the bill has been submitted to the Church and the monthly charges amounted to \$1,230.05. From looking at the statement it appears these charges are of a personal nature and not Church related expenses. I am enclosing the statement for you to review as I did not want to instruct the bookkeeper to pay something from Church funds that appeared to be personal. What would you like for me to do in regard to this matter?

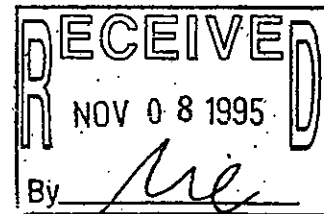

Also, the bookkeeper has not reimbursed Fr. Brennan for the car insurance allowance for the 95-96 fiscal year. In addition, the Church owes Fr. approximately \$500, for All Soul's mass stipends. My proposal is that we pro-rate what is owed for the insurance, add to that the \$500. and deduct those monies from the \$2,014.25 that is still owed by Fr. to the Church on the October credit card statement. *Msgr Webber, the bishop called to inquire about this issue.*

And last, the volunteer ladies that work for the Church were knowledgeable about another bank account that existed until the early part of this year. It was at Bank of America, the statements did not go to the Church, rather to the rectory, were in the name of the Church (not RCB) and apparently had only Fr. Brennan as the signer. He did disclose to them that the account was closed and he deposited \$6,000 in each of two other accounts that were in the name of the Church and RCB. They had no first hand knowledge about the transactions that were being passed through that account but thought that it carried about \$30,000. There is no way to substantiate any of this information. *Barb*

Your Excellency:

I am writing to you on a matter of grave concern rapidly coming to light within and outside our Catholic community at Holy Innocents parish in Victorville.

As you know Holy Innocents is in the midst of building a new church. However, this is not a matter of "bricks and mortar"; and as you and I both realize, our Faith is not founded on the things of this world. I shall have more to say on that later.

The issue here lies with our Pastor, Father Peter Brennan. He has fathered a child, a baby. [redacted] was born October 18, 1995 at Victor Valley Community Hospital in Victorville. The name given to [redacted] is [redacted]. I do not know what surname was given to the child.

I was made aware of this by a member of the family of the ex-spouse of the birth-mother. The mother of the child is an [redacted] in Victorville and a member of the parish. She was involved as the Counsel for the Building Program at Holy Innocents. "It is well-known that Father Brennan visits this woman's home frequently, perhaps to the point of excess." A hostess at a local restaurant, often frequented by Holy Innocents parishioners, recently told several parishioners that "the beautiful baby was the first one Father Brennan ever saw born." A parishioner recently made the statement that "the baby looks just like Father Brennan."

A recent meeting took place between Father Brennan, a fellow priest-friend of his, and my friend, the parish RCIA Director. The ensuing dialogue was an exercise in "damage control" by the two priests. Father Brennan's priest-friend stated that, "After all, they were two consenting adults and it's unfortunate that a baby was born." My friend asked, "Do you love this woman?", to which Father Brennan replied, "I'm not sure. Once you're touched by the Lord, it's difficult to love anyone else." His priest-friend further stated, "Look what he (Father Brennan) has done for the Church--building all those churches." Bricks and mortar!

Along those same lines, perhaps Father Brennan "wants" to be found out. It would seem so. Nevertheless, I do not believe he will come to you as he should.

Bishop, the ramifications of such behaviors are beginning to emerge. Some parish members are considering finding other churches, not necessarily Catholic, to

REDACTED

attend. They feel betrayed and disillusioned with Catholicism. Others are wringing their hands in quiet anxiety, ambivalent about what to do because they don't want to hurt Father, or worse, they fear his wrath. I am aware of many parishioners privy to this unfortunate information. It is only a matter of time before it becomes public knowledge and turns into a full-fledged scandal.

This letter is written neither in anger nor from any desire for vengeance towards Father Brennan. Au contraire, it flows from fidelity to the Church, and out of charity and concern for the woman, their child, and for Father Brennan and his problems. Clearly he has some gravely serious ones which he needs to acknowledge, and to seek help to resolve them.

What about the child? Will _____ never know who _____ father really is? We as Catholics talk about family life so much and the importance of the nuclear family, i.e., a mother and father's authentic presence to their child. What we have in the above situation is a "slap in the face" to what we believe, done by a Catholic priest, vowed to teach and exemplify the truths of the Gospel. No one can have it both ways.

What about our Catholic community here at Holy Innocents? Will it ever be a viable one under the care of a priest whose heart is torn?—A priest who promotes one thing in public and another one in secrecy. My response (to that) is that the faith of many will not grow, and they will fall and drift away. Nothing will survive for too long if it is built on deception. One cannot give to others what he himself has lost and does not have, i.e., a true, vibrant, and practical faith.

More questions arise concerning the Sacramental life of this community and the dispensation of the Sacraments. I know as long as the Mass is celebrated validly in form and matter it will be efficacious for the community. However, what about Father Brennan? Has he been to confession? I hope so, for his own spiritual good! Has he ceased his relationship with the woman? Apparently not. He has been seen with her on a fairly regular basis.

Bishop, it is not up to me to determine what is to be done in this matter. However, I strongly plead that you personally investigate this matter, with perhaps a speedy retirement for Father Brennan. Please do not transfer him to some other parish where he may engage in the same activity. It is reported that he has fathered other children at a previous parish in La Quinta.

Bishop, I love my Catholic faith. I want to see it grow and flourish in this desert community. What we have now is destructive to that growth.

Finally, in order to qualify our right to speak out on such matters, I cite the Doctor Communis, St. Thomas Aquinas, Summa Theologica, IIa-IIae, Q. 33, Art. 3, Resp. to Obsj. 2 and 3:

Just as he who has the means wherewith to give corporal assistance is rich in this respect, so he whose reason is gifted with the sane judgment, so as to be able to correct another's wrong-doing, is, in this respect to be looked on as a superior.....Even in the physical order certain things act mutually on one another, through being in some respect higher than one another, in so far as each is in somewhat in act, and somewhat in potentiality with regard to another. In like manner, one man can correct another insofar as he has a sane judgment in a matter wherein the other sins, though he is not his superior simply.

Thank you for your time and consideration in this matter. I am available to speak with you on this matter. I hope to hear from you soon.

I am, sincerely yours in Christ, and asking your help and blessing on us all,

Your Excellency:

REDACTED

I am writing to you on a matter of grave concern rapidly coming to light within and outside our Catholic community at Holy Innocents parish in Victorville.

As you know Holy Innocents is in the midst of building a new church. However, this is not a matter of "bricks and mortar"; and as you and I both realize, our Faith is not founded on the things of this world. I shall have more to say on that later.

The issue here lies with our Pastor, Father Peter Brennan. He has fathered a child, a baby [redacted] was born October 18, 1995 at Victor Valley Community Hospital in Victorville. The name given to her [redacted] I do not know what surname was given to the child.

I was made aware of this by a member of the family of the ex-spouse of the birth-mother. The mother of the child is an [redacted] in Victorville and a member of the parish. She was involved as the Counsel for the Building Program at Holy Innocents. "It is well-known that Father Brennan visits this woman's home frequently, perhaps to the point of excess." A hostess at a local restaurant, often frequented by Holy Innocents parishioners, recently told several parishioners that "the beautiful baby was the first one Father Brennan ever saw born." A parishioner recently made the statement that "the baby looks just like Father Brennan."

A recent meeting took place between Father Brennan, a fellow priest-friend of his, and my friend, the parish RCIA Director. The ensuing dialogue was an exercise in "damage control" by the two priests. -- Father Brennan's priest-friend stated that, "After all, they were two consenting adults and it's unfortunate that a baby was born." My friend asked, "Do you love this woman?", to which Father Brennan replied, "I'm not sure. Once you're touched by the Lord, it's difficult to love anyone else." His priest-friend further stated, "Look what he (Father Brennan) has done for the Church--building all those churches." Bricks and mortar!

Along those same lines, perhaps Father Brennan "wants" to be found out. It would seem so. Nevertheless, I do not believe he will come to you as he should.

Bishop, the ramifications of such behaviors are beginning to emerge. Some parish members are considering finding other churches, not necessarily Catholic, to

REDACTED

attend. They feel betrayed and disillusioned with Catholicism. Others are wringing their hands in quiet anxiety, ambivalent about what to do because they don't want to hurt Father, or worse, they fear his wrath. I am aware of many parishioners privy to this unfortunate information. It is only a matter of time before it becomes public knowledge and turns into a full-fledged scandal.

This letter is written neither in anger nor from any desire for vengeance towards Father Brennan. Au contraire, it flows from fidelity to the Church, and out of charity and concern for the woman, their child, and for Father Brennan and his problems. Clearly he has some gravely serious ones which he needs to acknowledge, and to seek help to resolve them.

What about the child? Will _____ never know who _____ father really is? We as Catholics talk about family life so much and the importance of the nuclear family, i.e., a mother and father's authentic presence to their child. What we have in the above situation is a "slap in the face" to what we believe, done by a Catholic priest, vowed to teach and exemplify the truths of the Gospel. No one can have it both ways.

What about our Catholic community here at Holy Innocents? Will it ever be a viable one under the care of a priest whose heart is torn?—A priest who promotes one thing in public and another one in secrecy. My response (to that) is that the faith of many will not grow, and they will fall and drift away. Nothing will survive for too long if it is built on deception. One cannot give to others what he himself has lost and does not have, i.e., a true, vibrant, and practical faith.

More questions arise concerning the Sacramental life of this community and the dispensation of the Sacraments. I know as long as the Mass is celebrated validly in form and matter it will be efficacious for the community. However, what about Father Brennan? Has he been to confession? I hope so, for his own spiritual good! Has he ceased his relationship with the woman? Apparently not. He has been seen with her on a fairly regular basis.

Bishop, it is not up to me to determine what is to be done in this matter. However, I strongly plead that you personally investigate this matter, with perhaps a speedy retirement for Father Brennan. Please do not transfer him to some other parish where he may engage in the same activity. It is reported that he has fathered other children at a previous parish in La Quinta.

Bishop, I love my Catholic faith. I want to see it grow and flourish in this desert community. What we have now is destructive to that growth.

Finally, in order to qualify our right to speak out on such matters, I cite the Doctor Communis, St. Thomas Aquinas, Summa Theologica, IIa-IIae, Q. 33, Art. 3, Resp. to Obsj. 2 and 3:

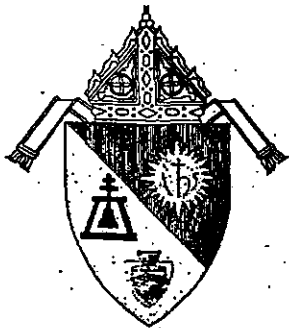

Just as he who has the means wherewith to give corporal assistance is rich in this respect, so he whose reason is gifted with the same judgment, so as to be able to correct another's wrong-doing, is, in this respect to be looked on as a superior.....Even in the physical order certain things act mutually on one another, through being in some respect higher than one another, in so far as each is in somewhat in act, and somewhat in potentiality with regard to another. In like manner, one man can correct another insofar as he has a same judgment in a matter wherein the other sins, though he is not his superior simply.

Thank you for your time and consideration in this matter. I am available to speak with you on this matter. I hope to hear from you soon.

I am, sincerely yours in Christ, and asking your help and blessing on us all,

Dear Father Brennan:

I received your requests for payment of two bills; one for rental on your worship facility for two months in the amount of \$6,000.00 and the second for the improvements on the building in the amount of \$15,000.00. With these two bills amounting to \$21,000.00 your line of credit of \$200,000.00 has been exceeded by \$35,000.00. I discussed this with the Vicar General, Father Webber, and we have increased your line of credit to \$250,000.00. This is the absolute max that you will be allowed to borrow. It does give you a cushion of approximately \$14,000.00 that should tide you over for the next three months. This will give you time to determine what your income stream will be as your inaugural Mass at the parish takes place tomorrow evening, March 25.

In order to determine the financial needs that you will have in the coming fiscal year, July 1, 1992 to June 30, 1993, it is most appropriate that you work out a budget for that period of time. When you have done so, please forward a copy to me and Father Webber.

I am sorry that I cannot be at your Mass the evening of Wednesday, March 25, as I indicated I would be. I did not realize that I had made a previous commitment to my daughter. Betty and I are active in the support group that she attends, which allows her to more ably deal with her affliction. I am sure that everything will go well. I wish you and your community much success and may Jesus bless you in many ways in the coming weeks and months.

Dear Father Peadar:

It was good to meet with you on Saturday, January 21, 1991 and to discuss the possibility of your returning to the Diocese of San Bernardino to continue your pastoral ministry. I will recommend that you be offered a pastoral assignment in the diocese as of July 1, 1991 to the Priests' Personnel Board at their upcoming meeting.

In coming back to the diocese, there are certain things that you will abide by in light of the past wrong and scandal caused and to ensure no future scandal.

It is my understanding that the woman, who was involved has remarried and is now living in another state. You assured me that you have had no contact with her in recent months and that you will have no contact with her in the future. Since she has remarried, your child will be raised by her and the stepfather. You are to have no contact with the child, even on an out of town or out of state basis. Under no circumstances is the child to visit or stay with you, here in the diocese. It is my understanding that all legal matters have been concluded and agreements reached for the support of the child and you will continue to make all the required payments.

The Palm Springs, La Quinta area will be out of bounds for you. You should not go into the valley for any reason and visits with friends from that area should also be held elsewhere. Any exceptions need my express approval. For example, I would be willing to give permission for you to attend the priest convocation in 1992 in Palm Springs.

You will be notified through diocesan mailings as to pastoral and ministerial openings in the diocese and I ask you to be in contact with your Priests' Personnel Board Representative regarding

Brennan-WOA 0000139

possibilities. You have discussed with me some of your thoughts regarding present openings and I will share these with the Personnel Board. In the various rounds of openings for parish ministries which will be forthcoming, I pray that one might be found that would be of interest to you and receive the recommendation of the board. Upon your receiving an assignment, I will notify Archbishop John Quinn in writing that you will be returning to the Diocese of San Bernardino as of July 1, 1991.

I was pleased we had the opportunity to discuss, discern and agree on your future in the diocese. You have grown through the sufferings that you have had to undergo as a result of your actions and I know of your serious contrition for these past actions, and of the positive steps that you are taking to ensure that this will not happen again. I appreciate your willingness to avoid any situations which might embarrass the Church and in your pledge to abide with my directives for your welfare, as well as that of God's people.

As you begin a new period in your life, may Almighty God continue to guide you in providing good pastoral ministry and service, here in the diocese.

With prayers and best wishes, I am

Dear Bishop Straling,

May I begin by thanking you for your letter and Christmas greeting, which I received just hours before celebrating the Christmas Eve Mass with God's people here at St Pius. It was the most timely message of good news that I have heard ever since entering the dark night of these past few years.

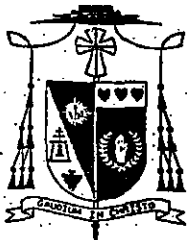

I am indeed heartened by this good news for I know that the pain and anxiety which I have endured have not been in vain. I know and believe that I am in a better place mentally, physically and spiritually than I have been for many years.

I look forward to responding to your kind invitation to meet with you and discuss the possibility of ministry once again in the church of San Bernardino. I will be on retreat at San Luis Rey from January 20th through 25th, and at that time would look forward to meeting with you at your convenience. May I wish you a very blessed and joyous Christmas season and a Happy New Year.

I would also like to take this opportunity to review your plans regarding future ministry in the diocese. I understand you are interested in returning to the diocese for ministry and I would like to address that issue with you personally. What is your thinking in the matter at this particular time? What time frame are we working with concerning your remaining at your present assignment? Do you think a return to this area would be advisable or do you feel more time is needed? I am unaware of the location and the circumstances of the other party involved so I would welcome an update, so that we might make prudent and wise decisions.

To Rev Bishop

I felt in my heart & soul, I should write you 192360
a note apologize, concerning the letter I wrote to you, about
Father Brennan, leaving our Church so suddenly. We were
upset, especially myself. - I had personal experience with
our Pastor, which were extremely helpful. I was told by a
Surgeon, not to have Surgery, as at my age could go into shock
so for 2 yrs I lived on pain pills. - Father Brennan saw, when I
attended Mass in the mornings, & was very encouraging. After
2 yrs of that, I could not do it any longer so my family made
arrangement to M.B.L. & I consented for surgery. Before I left
for M.B.L. I talked it over with Father Brennan, & again I got
great encouragement & Absolution & his Blessing, which I list
to carefully. I left for M.B.L. in my heart. I said good bye to
the sky, birds all the animals all families things, neighbors &
my family, as I was told I could go into shock. - Well the
unexpected happened. my Surgery was a great success, & I
was asked by the Nurses, ^{if} they are ^{are} smiling, no one smiles in a
Hosp. & I told ^{them} well I do, but they did not know Father Brennan
kindness, his Absolution & his Blessing, & I had no pain after the
Surgery & within six months I was walking without a cane, short
distances & no pain, every one remarked about my Surgery & my

progress. I spoke with Father one morning & reported to him about the progress of my saying the Rosary here with the Pts in our little Health care, adjacent to our Senior Residence. Old & that was the last time I saw our good Father Brennan. I heard so many variations of stories. I would listen to none & stopped it if I could. Our present Pastor Fr. Gregory is a joy too he is a very Holy man & we love him, but we know in advance he is leaving & Father O'Donnell is coming - But not so with Father Brennan, he was gone immediately, & we were left stunned, upset & I had never had the experience of the Catholic Church, nor that, & I hope I never experience it again, its too hurtful, & I pray Father Brennan will rise stronger than ever. I experienced Father Brennan as a Priest in sickness & in health & was not wanting in any of the qualities of a Priest. He upheld his faith, & I thanked God for directing me into the Catholic Church in 1925, & I have never since changed my mind for one moment.

I do sincerely apologize for the letter I sent you, it was sent in complete hurtfulness & confusion & I could not realize Father Brennan would never come back. It seemed awfully small at the time. Father Brennan would want me to remember the laws of obedience to Church laws, but I forgot & kept asking why? why I thank you for taking the time to read this letter & my sincere apology. I pray with the Saints for the intention of the Holy Father, the Church would slide, more men come to the Priesthood & all the Priests & missionaries & that includes all in India, @ 2:30 pm.

Sincerely,

Albuquerque, New Mexico 87105

Dear Peadar:

This is to confirm our phone conversation of April 25, 1989 regarding your taking up residence, immediately, at the Servants of the Paraclete Facility in Albuquerque, New Mexico. There you will have an opportunity to pursue some indepth counseling concerning your present situation and I hope gain some assistance in discerning your future. Father Joseph Mc Namara, who is well known to both of us, will be happy to assist you.

You are to stay with the Servants of the Paraclete until such time as the legal issues, regarding patrimony of the child are resolved. There is no possibility of your doing any work in any diocese until this is accomplished. I must have, in my hands, a written resolution that you and your attorney negotiate, as well as have an assurance that this matter is completely settled.

I will then work with you as to an assignment outside the diocese. I have contacted both the Diocese of Sacramento and the Archdiocese of San Francisco. Both are willing to assist us, in so far as they can, and you mentioned the possibility of working in Arizona.

Father Ned O'Donnell has assured me that he will provide your monthly stipend through the end of June, 1989. I pray that by July 1, 1989, all legal issues will be resolved and an assignment for you can be found. From your monthly stipend, you are to provide funds for all the obligations you have incurred, and payment for your stay at the Servants of the Paraclete.

I cannot allow you to pursue further studies, at this time, as you need to provide for yourself and your obligations.

The above is my understanding of our agreement and any change is to be clarified with me in writing.

I pray that you can get past this present trial in your life, take care of your duties and responsibilities and, eventually, get back to priestly ministry.

With prayers and best wishes, I am

Dear Father Brennan:

This is a follow-up to our meeting of Monday, October 10, 1988, regarding your resignation from the office of Pastor of St. Francis of Assisi Parish in La Quinta. I regret that given the circumstances, your ministry was severely compromised and you were forced to tendering your resignation. Be assured that I am willing to assist you in any way possible to re-establish yourself in priestly ministry.

Father Philip A. Behan, Vicar General, is making the necessary arrangements for a temporary administrator for St. Francis of Assisi Parish Community until a new pastor can be appointed. Kindly be in touch with Father Behan regarding the sabbatical stipend that will be paid to you until, such time as, you receive a pastoral assignment.

For the present, I ask that you to be in touch with me regarding a sabbatical and possible parish ministries. During our telephone conversation of October 11, 1988, I mentioned the possibility of your studying Spanish for several months and also, considering a Military Chaplaincy for three years.

I understand you will be staying with Father Finnerty in San Diego. If you should move, please inform Father Behan, so we can contact you if needed. I hope, within a short time, we can make some definite plans as to how you will spend your time.

If you wish to continue to be a priest all relationships with the woman, with whom you have become involved, are to be severed and no contact is to be maintained with her now or in the future. I understand that you are making the necessary arrangements for child support through her attorney and I presume that you have your own legal counsel to assist you. If all contact with this woman is not broken off, I will be forced to suspend you from all exercise of your priestly ministry. I believe you understand the seriousness of the present situation and that you cannot in any way, be involved with a woman. If she continues to pursue you, and you still wish to remain a priest, this may necessitate your accepting a pastoral assignment in another diocese, where you are unknown and she will be unaware of your whereabouts.

Be assured of my continued assistance, and with prayers and best wishes, I am

Father Brennan has asked me to share with you that the Bishop of our Diocese has asked him to take a sabbatical which will allow him a time for rest and renewal before he enters another ministry.

He feels that his ministry at St. Francis has been successfully fulfilled in the building of this magnificent shrine of St. Francis and the parish center. The various ministries of the church are well established and functional, and can only be a blessing for now and years to come.

We all are deeply indebted to Father Peter Brennan for the spirit of love, compassion and concern which he engendered in our church. We are grateful to him for the outstanding leadership he gave in building of this parish and for his Pastoral care to all areas of this community.

I appear in his place today only because Father finds saying Good Bye to those he loves heart rendering emotionally.

On November 27th, we have decided to honor Father Brennan and give members and friends of the Parish, a time to say good bye, ^{thus also} which coincides with the 4th Anniversary of our church dedication. ~~The time will be from 3:00 to 5:00 pm.~~
There will be further announcements
as to the time & place

I have spoken with him personally and can assure you that his spirits are high & his health good. He goes with the humility and spirit of adventure that we have all come to love in him.

He leaves his blessing for you all.

During the week of October 3-10, 1988, two persons called the Diocesan Offices regarding the situation at St. Francis of Assisi in La Quinta, Father Brennan and

. This first call originated from an incident at the Liturgy Committee Meeting in the parish of Our Lady of Perpetual Help in Indio during the previous week. During this meeting, one of the members asked that the meeting pause for a moment of prayer and she then prayed in public for this women, who is, again, pregnant and is having difficulty with the child payments which Father Brennan has apparently been making. The other call was from members of St. Francis of Assisi Parish, itself. is making statements to parishioners indicting that she is pregnant, again, and that it is another "miracle from God." This is the same terminology she used last time. Apparently, they have not ceased seeing one another, and he has apparently entertained her in his home, the rectory and had dinner for her in the last two or three months. The situation is commonly known and commented on. She refuses to stay away from the church, she works in the community there and is known by many many people. Their request was that Father Brennan be moved out, immediately, because the loss of his good reputation among upright and good parishioners. The way he is acting and what is happening at the moment is gravely detrimental and disturbing to the church community there at St. Francis of Assisi. The who was born a number of years ago has apparently been given Father Brennan's name, as a last name. Parishioners feel they have been deceived, some of them have spoken to him or he has spoken to them and they have not been told the truth and they feel they are being gravely deceived by Father Brennan. Grave civil liability also faces the Diocese of San Bernardino for Father Brennan's acts and this lady is threatening to sue.

Dear Father Peadar,

In this personal and confidential letter, I would like to commend you on the progress that you are making with the AA Program. This program has helped you immensely and I know you are pleased that some of your past problems are behind you. However, to make sure that you continue to grow, it is important that you remain faithful to this program and have the support of the many new friends you have gained while participating in this self-help group.

I was glad you were able to assure me that you are making every effort to distance yourself from the woman who has caused some problems and who still frequents the parish from time to time. The best possible solution would be for her to find another parish community, as this would remove some of the pressures from you. As we discussed, for your own sake, as well as hers and that of the parish, it may be better for you to seek an alternative assignment if rumors or suspicions continue.

Although he has his faults, it is good that you have gotten together with Fred Simon. We must both admit that he has been a very loyal and faithful supporter of the church. I appreciated the opportunity to have lunch with him and his wife and to re-build some of the relationships of the past.

Dear Mr. Manning,

Please excuse the lengthy delay in answering your letter of April 15, 1985. I am truly sorry that Bishop Straling chose not to answer my letter to him, personally. It was written in all respect. I earnestly sought help in resolving a problem which I have been trying, through other means, for over a year.

As you suggested, I have decided to move ahead with this and retain an attorney. He is a person who is very well acquainted with the diocese and with legal and the Canon law. It does seem to me, paradoxical that the hierarchy of the diocese is thus forcing a devout Catholic man and a daily communicant to take this route instead of dealing with him in an honest and above board manner, with frankness and sincerity. I have chosen no longer to be the "invisible man" or to be a non-entity in this sordid matter. I totally reject the idea that a priest is "off-duty" when he is travelling with committee members to examine the various aspects of church building, when he is hearing confession, saying the Mass, giving spiritual direction, or inviting members of the parish to his home for prolonged and intense sessions of intercessory prayer. No doubt you will have different ideas on these matters.

I am sending a copy of this letter to Bishop Straling. Thank you for your good advice and well meant intentions.

I remain yours truly,

Dear Bishop,

Let me begin this letter by apologizing for the necessity of bringing this matter to your attention. As you will understand from the enclosed copy of a letter which I have sent to Father Peter Brennan, there has been a terrible catastrophe visited on the life of myself and my family. As a devout Catholic husband living apart from and divorced by his wife, I have accepted the situation and the state in which I find myself. Before going on I wish to say that I made it very clear to Father Brennan both man-to-man and by letter that he should be aware that his unrelenting attack on the most precious things in my life - my home and family - would be met with my greatest resistance.

It seemed to me as though I had in some manner magically disappeared from view and had become invisible, a non-entity, or someone who was not physically or emotionally involved in any way. To protect the reputations of all and to prevent destructive gossip in the parish, I had long and serious talks with important members of the parish council and was doubly reassured by them that the matter would be solved. At their earnest request I agreed to do nothing, but instead to allow them to take whatever steps were necessary.

I now understand through reliable sources that Father Brennan is returning very shortly to resume his duties as pastor of the parish of St. Francis of Assisi in La Quinta, after having had a restful and needed vacation in Hawaii and Ireland.

Dear Bishop Straling, on my own part I intend to do what I must do in the light of day, hiding nothing, and proceeding as I believe any upright and righteous Christian man should proceed. I will, as I have previously stated to them institute actions both in the Civil Court and Canon Court to seek whatever measure of relief I can. I am not looking for personal compensation and will not accept such.

However, there are young children and an unborn child who must face, at this time, a very uncertain future due to the acts of this misguided man.

Throughout this terrible ordeal my faith has not been shaken. If anything, it has been strengthened as I am a daily communicant and my relationship with my Lord Jesus Christ has sustained me.

Once again, I apologize for the necessity of bring this matter to your attention, but it was obvious that in view of the events which have transpired, the insensitivity, both of the priest and the parish council, and their continued disregard of any and all promises, that I have no other choice.

Very truly yours,

Dear Holy Father,

You are the Pastor of hundreds of millions of Christians as Head of the Roman Catholic Church, and as such you have many more responsibilities than even Presidents, Kings and Statesmen. I believe however, that among those whom you have trusted to help you, there is a person who will read this and the enclosed letters over carefully, and will help and guide me through this terrible problem. You are my "court of last resort" as I have tried for more than a year to bring my problem before the local Parish Council, the office of Bishop Straling of the Diocese of San Bernardino, and the Archdiocese of Los Angeles.

So I turn to you for help in solving this. If I cannot obtain help through the church, then I must go through the local courts. This would result in scandal and embarrassment for Father Brennan, and many others, including myself. This I wish to avoid and so I am trying every other road along the way. I hope that as manifold as your responsibilities are, I will hear your words of wisdom and guidance in this matter. Most respectfully and prayerfully, I remain One of Your Flock.

Dear REDACTED :

I received your letter of March 24, 1985 regarding the absence of Father Brennan for the past several months.

Be assured that I have given careful consideration to the whole situation and, that for Father Brennan's health and for the good of the parish, he needed to get away for a short time. You may not have received his recent letter that he sent to all the parishioners explaining his absence.

Father Brennan has done a great job in pulling the parish together, as well as the completion of the church itself, during the short time that he has been there. This has been a monumental task and responsibility which does take its toll.

Thank you for writing to me of your concerns and with prayers and best wishes, I am

Dear Bishop Straling,

I have been a member of St. Francis of Assisi Parish from the beginning - having attended Mass at the La Quinta Community Building many times. I am deeply concerned about the future of our church.

There are many stories going around this area about Father Brennan and the reasons he was sent away. I don't know whether or not these stories are true but I do believe if Father Brennan returns to the parish as pastor, it will be detrimental.

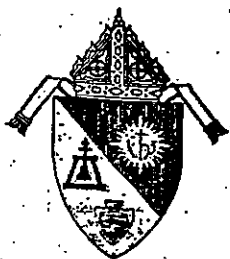

2
We feel he has never been honest with
us - I for one do not trust him and
certainly would not want to go to confession
to him. There are many other parishioners
who feel the same way.

Please, for the sake of St. Francis
of Assisi Parish, investigate this
matter further. I also think Fred
Simon running the church in Father
Brennan's absence is in bad taste.

Thank you.

Dear :

I received your letter inquiring about the status of your marriage in the eyes of the church. All pre-marriage files are kept in the local parish archives. We do not have any information on individual marriage cases in this office.

If you wish to clarify certain doubts that you obviously have, please sit down with one of the priests in your area and discuss the matter with him. He can help you establish the facts of the case and he will probably be able to advise you on anything that may need to be done. If the Diocesan Tribunal needs to be approached with a formal marriage case, they will then request your marriage file from the parish that retains it.

I hope this help you.

Father Behan,

You will find as an enclosure a letter through which I have communicated certain things to Father Peter Brennen, the Pastor of St. Francis of Assisi Parish in La Quinta, California. It is possible that you have heard something of this terrible tragedy which befell our family and I need your help in certain areas. Please forgive me if you feel I have acted improperly.

Even before our marriage I felt a great sense of unease because even though we diligently and laboriously filled out all the necessary forms to be submitted by our Pastor for action by the Tribunal, I was then and subsequently unable to obtain any clear response as to the decision, if any, of the Tribunal. My inquiries were either ignored or answered by some reassuring phrase such as "not to worry, within this parish we will do whatever we please". However, that obviously was not satisfying to me then and is much less so now since the great misfortune of losing my wife and of being in a state of legal divorcement. I believe you can help me by informing me as to the status of my marriage in the church. There was no happier man than I the day that we respoke our vows with the blessing of our priest, but I assure you there is no unhappier state than my present one. Divorced, alone, and not knowing whether in truth I am a married Catholic man or not.

Thank you for the time and effort it may take you to respond to this matter which is of great importance to me.

God's blessing upon you and your work.

Yours truly,

Fr. Peter Brennan

Father, forgive me, for I have sinned. Because of my sins a home is broken and those who dwelt therein, husband, wife, children, foster-children and all those who were nurtured therein are scattered to the four winds. Yes, Father I have sinned. In His Holy Scripture our Lord says clearly that "before a thief can enter the house of a strong man to take a spoil he must first render helpless the guardian of the home, and he must catch him unawares in order to disarm him".

Oh, Padre, how beautiful she was when first she found our Lord. In her fine calligraphy she wrote and put up in her kitchen and above our family shrine "as the deer pants for the running brook so my soul thirsts for thee, Oh my God". She was so open, honest and trusting. She captured the hearts of everyone with her beauty, on that Holy Saturday when she was baptized and confirmed by you; we respoke our vows with your blessing and she received her first Holy Communion.

Padre, it seemed like only the shortest time until unease entered into our home. She told us in her honest way that you had "confessed" to her of the lust you felt as you saw her kneeling there every morning in the Mass, and the problem that you were having with your carnal desires.

I became truly alarmed, Father, when the phone calls came to our home from you inviting her to go "skinny dipping" in your pool. She said that I shouldn't worry, it was just that "you drank a bit".

The from which you and she returned at one or two A.M. Even though you professed to be our friend, I felt a terrible fear and expressed it to you in person. You kindly assured me that all was well and "not to worry", that you would never allow any woman to take advantage of your kindly heart.

REDACTED

Brennan-WOA 0000214

When she came to tell me that she was pregnant by you, I said to her that if it was the Lord's will then so be it and we will accept the child. However, I wrote to you to say that any further intrusion by you into our home and into our marriage bed would be met by equal force by me and I intended to protect my home at whatever cost.

and I were able to rebuild our relationship, our home and our hearts with the joys of foster infants, until that fateful day when I learned that you had followed her to our home -- the marriage that had withstood repeated intrusions by the priest that we loved and trusted was finally destabilized and it broke apart, Father. She left as you know to rent a house near you and to try and support herself through long and arduous hours of work.

Father, she told me that, when in a state of prayerful ecstasy in your home, she first felt the hot wetness of your semen within her. She cried out because she knew in her woman's heart that the lives of so many would never be the same again, and the world that we had known would be shattered. Now, she works from 5:00 in the morning until late at night. I live alone with my memories and the echoes of children's voices in an empty home. And you, Padre, what of you and your vows?

POVERTY? In a luxurious home with a pool for nude bathing parties, wines and liquors that few can afford and the most expensive sports car in your garage.

CHASTITY?

OBEDIENCE? You called yourself "the Bishop of La Quinta and said that in your parish you would do as you damn well please".

Father, when you fall into your bed surfeited with the richest of foods and wines to sleep with the women of your parish -- when you rise

from your sleep to step behind the altar and elevate the host with hands still moist from their bodies and to give communion to those who trust you, are you a priest of God or a priest of Ba'al? And is the beautiful new church a true home of our Lord Jesus Christ or a temple of Ba'al?

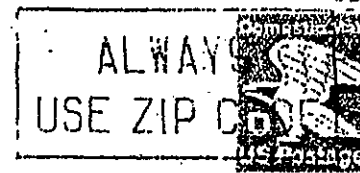

We have all become pawns in your game. The terrible game of Lust, Lechery and Lies.

In my sorrow, my pain and my incredible loneliness I have begun to sense a dedication. I wish that beautiful edifice into which so many have put so much of their time, their love and their funds, the Church of Saint Frances of Assisi, to become a true church of God. I am dedicated to the ideal that the young women of the congregation will never again be recruited as temple prostitutes to satisfy the lusts of the priest whom they trusted.

This is my pledge and my promise. Perhaps you will someday come to re-dedicate your life and to re-speak your vows. Our Lord needs his Holy Priests. Ba'al was an ancient God who should have died long ago.

Very truly yours,

From Bishop Straling Subject Statement on Priesthood

I enclose a document entitled "A Relection Guide on Human Sexuality and the Ordained Priesthood." (This is a statement that is coming before the Bishops' Meeting in November.)

I would like to have any reflections or comments that you might have on the document that I might pass on to the committee at that time. I think it deals with a very timely and important topic.

Perhaps the Priests' Senate, or any other group of priests, might wish to review this document and make suggestions.

I also include a paper entitled "Reflections by the Priest Members of the Bishops' Committee on Priestly Life and Ministry." Perhaps this will be of interest to the Priest Senate also.

All the best....

Brennan-WOA 0000229

THE PRIEST IN 1982:

REFLECTIONS BY THE PRIEST MEMBERS OF THE BISHOPS' COMMITTEE ON PRIESTLY LIFE AND MINISTRY

The following is a statement compiled by priests who have just served a three year term on the Bishops' Committee on Priestly Life and Ministry (1979 to 1982). These men represent a wide geographical area, are engaged in varied ministries and are in touch with grass roots people, especially priests in pastoral ministry. They have learned much by bringing personal readings of the times to committee meetings and putting those into honest dialogue with other priests and Bishops. The climate has been one of trust so the sharing has been candid. Through this unique opportunity, these men have been able to garner a collective wisdom about the American priest. Realizing that no one can adequately and accurately assess the complexity that is today's priest, they nevertheless feel that their experience puts them in a position to sense that there are some vital issues begging to be surfaced in a larger and more productive fashion. Thus, they make the following comments as a legacy to the next Priestly Life and Ministry Committee and as a service to the Bishops of our country. In this way, they help fulfill their mandate to assist the Bishops by relating to them the needs and concerns of priests.

Much has been happening of a positive nature. Our reflections begin there.

(A) Priest - Bishop Relationship

Overall, the relationship between priests and their Bishops is an improving one. There is more honest dialogue and mutual concern. Today's Bishop seems to mingle more with his priests, call them by name more often, visit them when they are ill, is aware of their needs both materially and spiritually. In a word, there is more bonding than before. This emphasis on personal relationship and affirmation seems to be gradually replacing older reward systems which no longer work.

(B) Assignments

Personnel boards are still in a growing stage, but more humane procedures and drastically improved assignment processes have eased tensions.

(A) There are some priests less fortunate

Some priests would read all the above with great cynicism and anger because their particular diocese would be hard to find in those positive statements. These men suffer all the more because they see no hope for improvement. Bishops are rarely changed and there is not much freedom for the priest to go elsewhere.

(B) Fear of losing ground

There is in the air a fear, a feeling, a suspicion. It is hard to put a name on it, but priests are wary that the rights gained after Vatican II may gradually be lost. They often do not see the kind of Bishops being appointed who would have been chosen by their peers; they sense a move away from pluralism and prudent dissent among theologians; they see some ordinaries prohibiting what others enthusiastically endorse liturgically and pastorally.

(C) The handling of resigned priests

Priests who are still active are often embarrassed by the seemingly harsh and punitive treatment of their brothers who have resigned from active ministry. In their own response they have become more loving and compassionate. They would like to see the official treatment of resigned priests take on more of these characteristics.

(D) A Dishonest Approach to Controversial Questions

The priest watches the number of priests dwindle and reads of less seminarians with real concern about the future. He hears intelligent discussions among grass roots people urging a consideration for ordained married men, for bringing back resigned priests and for opening ordination to women. He is told by the official Church that these are closed questions. He struggles with the daily living out of celibacy, seriously questions the rationale for it to remain obligatory and is told that this too, is a closed question. He finds himself torn constantly between ethical response and pastoral compassion. He ministers to people who are losing credibility for official teachings and to him, the official response seems totally unaware of the problem. The average priest fully appreciates the complexity of these issues but would like to see more honesty and courage in facing them.

Dear Sandy:

We have spoken with Monsignor Webber regarding the matters which we discussed last week.

The Bishop is requesting that future checks be sent directly to our office as they have in the past. We would be the direct contact regarding monthly payments. Please make the payments payable to the Diocese of San Bernardino f/b/o Holy Innocents Church.

As of December 1, there will be no health care coverage for Father. He is not eligible for coverage under any diocesan plan. In any event, he is entitled to his priest's pension at the age of 65.

If you have any questions regarding the foregoing, please let me know.

REDACTED

Dear Bishop Strahling,

Sister Nancy Reynolds, S.P., J.C.L., and I have been approached by [REDACTED] and asked to represent her as canonical advocates in the matter of her relationship to the Reverend Paeder Joseph Brennan, a priest of the Diocese of San Bernardino. Specifically, she is seeking financial support resulting from the two children born to her and Father Brennan.

[REDACTED] gave birth four years ago to her first son, [REDACTED]. Father Brennan has acknowledged his paternity of this child and until recently had been providing both financial support to the family and personal contact with the child. He has since broken off all contact with [REDACTED], and this has caused the child emotional difficulties which are requiring professional counselling.

On March 13 of this year, [REDACTED] gave birth to her second son, [REDACTED]. Although Father Brennan is refusing at this time to acknowledge his paternity, witness testimony supports this fact; and medical testing will conclusively determine that he is in fact the father of this child.

[REDACTED] was born with serious birth defects which require constant medical supervision; and he is not expected to live beyond a few months. In addition, since the child was born by caesarian section, [REDACTED] was herself hospitalized. At this time, the medical costs are extremely high; Father Brennan is providing no assistance to [REDACTED] financial or personal, at a time of extreme personal and emotional hardship. She has brought this matter to the attention of the Very Reverend Philip A. Behan, your vicar general; however, there has been no response or action on his part to assist [REDACTED].

Since [REDACTED] and Father Brennan freely entered into this relationship, both are equally responsible for its consequences. [REDACTED] is seeking Father Brennan's acceptance of his responsibility towards the children he has fathered; and it is our desire that you as his bishop direct him to provide this [REDACTED].

support and yourself take the initiative to assist) at
this time of extreme personally difficulty.

It is our wish as _____'s advocates to avoid the need
of seeking formal action in this matter. In 1963, a case
involving similar circumstances was heard by the Roman Rota
(coram Filipiak, 9 July 1963). In this case, which was upheld on
appeal in 1966 (coram De Jorio, 26 March 1969), the Rota
determined that the priest involved was responsible for the
support both of the mother and the child he fathered; and it was
further determined that the civil courts were to determine the
exact amount to be paid by this priest.

We wish to avoid the need of a canonical and possibly a
civil action in order to seek a just and proper resolution of
this tragic situation. Unfortunately, the circumstances of
Father Brennan's relationship with _____ are already well
known; and scandal has most likely already occurred. A civil or
canonical action in this matter will only serve to embarrass
further all of the parties involved in this painful matter and
increase the scope of the scandal. We are appealing to you,
therefore, to take direct and personal action in this matter and
to intercede in _____ behalf.

Both Sister Nancy Reynolds and I are available to assist in
any way possible in a just and equitable resolution on this
matter; and either of us can be reached through the offices of
the Tribunal in San Francisco.

Thanking you for your careful consideration of this
sensitive matter, I am

Sincerely yours in Christ,
