Dear Father Bud,

Feeling "safe" as I walked across the street in the cross walk, the semi-truck came out of nowhere traveling over 75mph not even slowing as it hit me exploding my body into a million tiny pieces! I stood on the curb watching in complete horror as my life crumbled into a million tiny pieces. The agonizing truth, shut out for decades, revealing unthinkable memories ... it made **no** sense, then it made **complete** sense... my fear of men, my fear of priests and an overall **life-long, deep-seeded feeling of "being bad."**

The shock, pain and trauma of being molested by "Father" Sheridan sent my emotional state and life into crisis! Depression, anxiety, fatigue, mood swings and using alcohol as pain relief devastated my family. Not being able to communicate and detaching myself from extended family and friends cost me relationships. Being unable to concentrate, make decisions, think clearly and effectively work took its toll and my business suffered great losses. For the first time in my life, I honestly understand **why** and could **relate** to someone wanting to commit suicide. It was an option!

My life was shattered! I desperately searched to **reach the pain** to achieve healing ... therapy every two weeks, doctor, nutritionist and "Healing Room" visits, medications for depression, deep muscle message, vitamins, prayers, books, healing masses, week-end retreats, a few visits to you and even a visit to Bishop Brom.

I'm sorry to share with you Father Bud, my church **deeply wounded** me first as an innocent child and now as a traumatized adult.

Our diocese has repeatedly professed in the bulletin, newspaper and web-site that it reaches out to the victims. **Our** diocese's Policy on Sexual Abuse on page 5 under "Responding to Sexual Abuse" reads:

Reaching out with pastoral concern and care
to victims of sexual abuse and their families to
foster healing and reconciliation

As a sexual abuse survivor of a "priest", I found the above NOT true!

January 2006 - I reported sexual abuse by Sheridan to Bishop Brom.

Exposing it took all the courage I ever had!

The "response" I received was: (see attached letters)

April 4, 2006 - denied payment for massage therapy and nutritionist

April 11, 2006 - denied payment again and offered 52 hours treatment

Jan. 30, 2007 - informing me the 52 hours treatment ends Feb. '07

3 pieces of paper and 52 hours of counseling ...**that** is the "pastoral concern and care to victims?" No phone calls, no notes of care or encouragement, nothing! Father Bud, the help provided to me, a then active Eucharistic Minister and Children's Liturgist, was a disgrace!

As I continue to piece my life back together bit by bit, the Lord continues to re-assure me He will restore what the locus has eaten. It is heartbreaking to me that the locus was my own church, twice over.

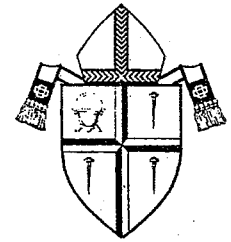

I'm writing this letter to let you know what my experience has been over the past two years since my childhood nightmares were regained. I found that being a sexual abuse survivor of a priest is like being a leper of this day and age. I've shared my story with many priests, strong prayer warriors and with family ... unfortunately most have cast it aside as the ugly scars are too painful to be near. My prayer is that you, Father Bud, be of witness to the truth of our church's response.

With Love and Respect to You,

cc: Bishop Brom, Mgsr. Callahan

Bishop Brom,

Attached you will find expenses that I submitted April 2, 2006 for therapy sessions for recovery of extreme trauma from physical, emotional and sexual abuse by "priest" Gregory Sheridan. You will also find the response from Msgr. Steve Callahan, dated April 4, 2006.

Published in The Policy on Sexual Abuse by Church Ministers on page five under "Responding to Sexual Abuse" point number five reads:

Reaching out with pastoral concern and care to victims
of sexual abuse and their families to foster healing and
reconciliation with them.

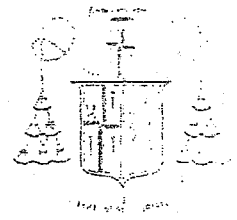

The above policy is not being upheld in my situation. I feel angry that I am unsupported by the church with the denial of payment for doctor H.H.P.R.C.S.T., who are treating my depression. Psychological treatment is simply not enough. This is the care that I need to foster healing. I feel that my request was fair and reasonable. I do not believe my church is reconciling with me and supporting my healing with the refusal of reimbursing me for such important and necessary treatments.

MEMORANDUM

Date: December 7, 2006
To: File
From: Monsignor Steven Callahan *SC*
Subject: Allegation against Monsignor Gregory Sheridan

A letter was received yesterday from , the mother of ,
alleging that Msgr. Gregory Sheridan molested when she was in the 3rd grade at St.
Jude Academy, around the year 1960.

I called today at and spoke by phone with her and . I offered
the opportunity to meet with me and the opportunity for counseling provided by
the diocese. She declined both offers. I gave her my name and phone number and told
her to call me at anytime in the future should she desire further assistance.

REDACTED

Today I would have seen the signs, and know something was very wrong. She would cry and cry, and beg not to go to school.

I worked at Pac. Bell, nights so I could bring her to school. My Mother lived with us, and took care of my daughter Survivor 2. She was so afraid of school and I didn't know why.

Father Francis Sheridan, I found out would always come to the house at nights. My Mother was so religious she believed this man was such a good person.

SHERIDAN-RCBSD 0222

Come to find out from Survivor 2 now, who remembers all of what I am about to write down. Just all of a sudden hearing about Priests on TV, something clicked, and released in her mind, made her remember, everything.

Survivor 2 is now Survivor 2 yrs. old and has always been afraid of someone touching her. She remembers that Father Sheridan holding her on one leg, and in his lap. He would ask my Mother for coffee! Therefore she had to leave the room. He, Father Sheridan would touch her Survivor 2000222 thighs and fondle her under her dress.

Then he would kiss her on the mouth constantly, while my mother was out of the room, she hated this. We do not kiss our children on the mouth, only on the cheeks. Dear God how could someone in his role do this? Survivor 2 told her Grandmother she didn't want to come out when Father Sheridan came over. My Mother told her okay, to stay in her room. With Survivor 2 not being there, he kept coming but he realized she was not there, he quit coming, Thank God!

Then he would follow her at school, even if he had all the children with him. She would try to stay in a crowd so he couldn't get near her. Can you imagine a little girl so scared?? She would go to the restroom after recess and he'd be there. She knew no males should be there, she was scared so she ran out. She was terrified to even go to the restroom. Remember this is a child, not a grown-up or a woman, who could defend themselves against this deranged person.

Because of that Priest Sheridan scaring her, she was so afraid to go to school. She was sick all the time, and she would miss school, because of that man. Survivor 2 was held back, in a way this was God's way, a blessing, because I put her back into public school. If only she had told us, but she was afraid. If she had, I would have crucified that Priest Sheridan.

I want this validated, and put into the records at the Diocese, or wherever you keep records of such a Priest! I'm sure there's more complaints against this man, who didn't deserve to be a Priest.

This notice will be notarized so that it's on record. I also have made a copy of this 4 page statement
