Dear Dr. Cummings:

Greetings and best wishes to you and all your family.

Perhaps you remember that I have been assisting the pastor at St. Jude Mission in Alamogordo. At first, I came only on weekends from Pius XII Villa in Albuquerque. Fr. Diamond then asked me to stay for longer periods of time so that I returned to Albuquerque about three times a year. For the past three and a half years, I have been at St. Jude Mission almost continuously. The longer I am in this area, the happier I am in my work and it has proven to be more effective.

Recently, I talked to Father Joseph F. Nelan, Assistant Chancellor of the Diocese of El Paso, about the possibilities of an assignment in the diocese. He stated that Bishop Metzger would need some information from you before anything can be done. I hereby authorize you to send to Bishop Metzger or Fr. Nelan, the medical or psychiatric reports that they request. Thank you for all the assistance, guidance and encouragement you have given in the past.

Sincerely yours,

*(Rev.) David A. Holley*
