Dear Father McCann,

Your position as a civic leader of our community and the leader of the Catholic Church in Newton prompts me to pass on to you an unsolicited statement that was made to me on October 31 as a conference in Cedar Rapids, Iowa.

The General Secretary of the IMCA of Clinton, Iowa approached me and asked if the Catholic priest, Father Janssen was still actively engaged in parish work in Newton. He informed me that Father Janssen had been serving the Catholic Church in Clinton and had been moved out as a result of homosexual tendencies on the part of Father Janssen.

This statement substantiates the action taken by the Board of Directors of the Newton IMCA in placing the IMCA out of bounds for Rev. Janssen as a result of homosexual activities involving the same Father Janssen in the IMCA building.

Wherever it is possible to strengthen the relationship between the YMCA and the Catholic Church you can be assured that my intentions are to be first in line to accomplish same.

Please be assured that from my position and my office this matter is treated in strictest confidence.

Cordially yours,

Variety Tolliday

Harley T. Holliday

General Secretary
