## LIST OF MEMBERS WITH CREDIBLE OR PUBLIC ALLEGATIONS OF SEXUAL ABUSE OF MINORS

**LAST UPDATED ON May 30, 2023**

The Carmelite Order – Province of the Most Pure Heart of Mary – is committed to the protection and safety of children, to healing of victim survivors of childhood sexual abuse, and to transparency. As part of this commitment, the Carmelite Order reports all allegations of childhood sexual abuse to local law enforcement. Towards its commitment to healing and transparency, the Carmelites have compiled the following list of current, former and deceased Carmelite Members against whom a credible or public allegation of childhood sexual abuse has been made. None of the Members listed below are currently serving in a public ministry.

**Credible allegations** include those deemed substantiated by the Independent Carmelite Review Board after investigation or allegations deemed credible through another administrative process. **Public allegations** include those which appear on other Catholic Dioceses' lists of clerics with allegations of childhood sexual abuse, even if these allegations have not been deemed credible by the Independent Carmelite Review Board or substantiated by another administrative process. It should be noted that inclusion on the list below does not imply that the allegations are true and correct in a civil or criminal legal sense.

This list is intended to be as inclusive, thorough and adequate as possible and was created based on the information available to the Carmelites at the time of its publication. When and if the Carmelites learn of additional current, former or deceased members who have credible or public claims of childhood sexual abuse brought against them, this list will be updated.

*The Carmelite Order is committed to receive all allegations with compassion and care, and a hope for healing.*

Anyone making an allegation of sexual abuse of a minor by a member of the Carmelite Order – Province of the Most Pure Heart of Mary – can contact:

\* In 2008, the Independent Carmelite Review Board found the allegation against Fr. Knoerschild unsubstantiated, but his name appears on the Archdiocese of Los Angeles' list of public allegations and accordingly appears here.

\*\*Subsequent to the Independent Review Board's finding that the allegation against Fr. McBrien was substantiated, the Tribunal of the Congregation for the Doctrine of the Faith in Rome, Italy determined that at the time of the allegation, Canon law did not deem sexual acts with persons sixteen years or older to be criminal and therefore, Fr. McBrien had not committed a crime under Canon law.

## The Carmelite Commitment

We Carmelites are very concerned for anyone who may have experienced any form of sexual misconduct by a member of the Carmelite Province of the Most Pure Heart of Mary. We pledge to offer pastoral, spiritual and concrete support to anyone and their families who have experienced such misconduct. As appropriate, we will take other steps such as initiating internal corrective actions. Our goal is to bring healing and hope to anyone who has experienced sexual misconduct.

We Carmelites have made a commitment to preventing sexual misconduct, especially the sexual abuse of minors and vulnerable adults. By establishing boundaries for healthy ministry with minors and by maintaining a constructive fraternal vigilance, we hope to minimize, even obviate, the possibility of sexual abuse. Such prevention begins with education and training, both during initial as well as the ongoing formation of our members.

We Carmelites pledge our active cooperation and compliance with the appropriate civil authorities. All allegations of child sex abuse are to be reported immediately to the appropriate civil authorities by any member of the Carmelites witnessing or receiving an allegation of abuse. Persons making such allegations will also be encouraged to make their concerns known to the police.

### Role of the Survivor Assistance Coordinator

To help with the healing of someone who has been the victim of sexual abuse, the Survivor Outreach Coordinator will engage a professional Survivor Assistance Coordinator. The Survivor Assistance Coordinator facilitates all communications between any alleged survivor and the Province. Other responsibilities include offering support and professional resources to any alleged survivor, his or her family, and other affected persons in the survivor's network, assisting with referrals to therapists and other support groups. To make sure every alleged survivor knows her/his rights, the Survivor Assistance Coordinator listens empathetically to the concerns of each person who feels victimized.

### How the Carmelite Province of the Most Pure Heart of Mary Works to Prevent Sexual Abuse

In addition to establishing procedures for sexual misconduct, the Carmelites have undertaken a series of other measures to prevent sexual abuse from happening. These include extensive mandatory psychological evaluation of candidates before they enter the community and continuing education programs for all members about issues of sexuality and personal conduct. By also establishing policies for healthy ministry with minors, and by maintaining a constructive fraternal vigilance, we hope to minimize, and even obviate, the possibility of sexual abuse. Members are also encouraged to help people they work with in ministry to be able and ready to address sexual misconduct wherever it occurs.

### Where To Turn For Help

If you or someone you know believes that a Carmelite of the Province of the Most Pure Heart of Mary has violated the ethical standards suggested in this Guide, we urge you or that person to contact the Survivor Outreach Coordinator, listed below. Your call and follow-up case, if needed, will be handled with the strictest sensitivity and confidentiality.

## A GUIDE FOR SURVIVORS

Compiled by the  
**Order of Carmelites**  
**Province of the Most Pure Heart of Mary**

# A Guide for Survivors

The Carmelites of the Province of the Most Pure Heart of Mary recognize that sexual misconduct by any of its members has devastating consequences for survivors and their families. Along with the entire Catholic Church, we are very aware of the effects of such tragic behavior and are wholeheartedly committed to helping and healing those affected.

This *Survivor's Guide* provides information on:

1. what is sexual misconduct within ministerial relationships
2. established procedures for responding to complaints of sexually inappropriate behavior
3. to whom survivors of sexual misconduct can turn for help.

Harassment, abuse, or inappropriate actions by a member of the Carmelite Province of the Most Pure Heart of Mary is contrary to Catholic morals and the policies and ethics of the Province. Each member of the Province has made a commitment to be totally ethical in each and every interaction in which they engage.

## How the Carmelite Province of the Most Pure Heart of Mary Responds to Sexual Misconduct

Carmelites respond to all allegations of sexual misconduct with great commitment to surfacing the truth and making sure any survivor receives whatever is needed for healing. To ensure that we handle each instance of misconduct promptly, thoroughly, and compassionately, the Province has appointed a Carmelite versed in such endeavors to serve as our Director of Accountability and Ethical Ministry. He is responsible for making sure appropriate civil authorities have been notified where laws have been broken. He has also appointed a Survivor Outreach Coordinator to be available to receive any initial complaints of sexual misconduct by a Carmelite of our Province.

Complaints may be made to the Survivor Outreach Coordinator by anyone and even anonymously. They may be made about present members of the Province, living or deceased. They may also be made about members who have left the Province. Besides contacting the Survivor Outreach Coordinator, complainants are encouraged to report allegations that involve crimes to the police.

In most serious cases, e.g. where sexual abuse of a minor has been reported, an independent investigator will try to gain an objective understanding of all the facts. If the report is found to be substantiated, the person who is the alleged abuser, if still a member of the Province, will be placed on a Safety Plan. This rigorous relapse prevention program provides appropriate psychological treatment, designed by professionals, specifically for offenders. It entails monitoring and supervision for the rest of the member's life. If the member who is accused has left the Carmelites, the Province will take appropriate allowable steps to ensure the safety of the community where the person may be living or working.

In cases involving substantiated inappropriate boundary violations, there will also be a plan put in place to help members commit again to fully ethical behavior.

## El compromiso carmelita

Nosotros, los Carmelitas, estamos muy preocupados por cualquiera que pueda haber experimentado cualquier forma de conducta sexual inapropiada por parte de un miembro de la Provincia Carmelita del Purísimo Corazón de María. Nos comprometemos a ofrecer apoyo pastoral, espiritual y concreto a cualquier persona y a sus familias que hayan experimentado tal mala conducta. Según proceda, tomaremos otras medidas, como iniciar acciones correctivas internas. Nuestro objetivo es aportar sanación y esperanza a toda persona que haya experimentado una conducta sexual inapropiada.

Los Carmelitas nos hemos comprometido a prevenir las conductas sexuales inapropiadas, especialmente el abuso sexual de menores y adultos vulnerables. Estableciendo límites para un ministerio saludable con menores y manteniendo una vigilancia fraterna constructiva, esperamos minimizar, incluso obviar, la posibilidad de abusos sexuales. Dicha prevención comienza con la educación y la formación, tanto durante la formación inicial como durante la formación continua de nuestros miembros.

Los Carmelitas nos comprometemos a cooperar activamente y a cumplir con las autoridades civiles apropiadas. Cualquier miembro de los Carmelitas que presencie o reciba una acusación de abuso sexual de menores deberá informar inmediatamente a las autoridades civiles competentes. También se animará a las personas que realicen tales acusaciones a que pongan sus preocupaciones en conocimiento de la policía.

### Papel del Coordinador de Asistencia a Supervivientes

Para ayudar en la sanación de alguien que ha sido víctima de abusos sexuales, el Coordinador de Asistencia a Supervivientes contratará a un Coordinador de Asistencia a Supervivientes profesional. El Coordinador de Asistencia a Supervivientes facilita todas las comunicaciones entre cualquier presunto superviviente y la Provincia. Otras de sus responsabilidades son ofrecer apoyo y recursos profesionales a cualquier presunto superviviente, a su familia y a otras personas afectadas de la red del superviviente, y ayudar a remitirle a terapeutas y otros grupos de apoyo. Para asegurarse de que todo presunto superviviente conoce sus derechos, el Coordinador de Asistencia al Superviviente escucha con empatía las preocupaciones de cada persona que se siente víctima.

## Cómo la Provincia Carmelita del Purísimo Corazón de María trabaja para prevenir los abusos sexuales

Además de establecer procedimientos para las faltas sexuales, los Carmelitas han emprendido otra serie de medidas para evitar que se produzcan abusos sexuales. Éstas incluyen una amplia evaluación psicológica obligatoria de los candidatos antes de que entren en la comunidad y programas de formación continua para todos los miembros sobre cuestiones de sexualidad y conducta personal. Estableciendo también políticas para un ministerio saludable con menores, y manteniendo una vigilancia fraternal constructiva, esperamos minimizar, e incluso obviar, la posibilidad de que se produzcan abusos sexuales. También se anima a los miembros a que ayuden a las personas con las que trabajan en el ministerio a que sean capaces y estén preparadas para abordar las conductas sexuales inapropiadas allí donde se produzcan.

# MAL COMPORTAMIENTO SEXUAL

# UNA GUÍA PARA LOS SUPERVIVIENTES

Recopilado por la  
Orden de los Carmelitas  
Provincia del Purísimo Corazón de María

## Cómo la Provincia Carmelita del El Purísimo Corazón de María responde a mala conducta sexual

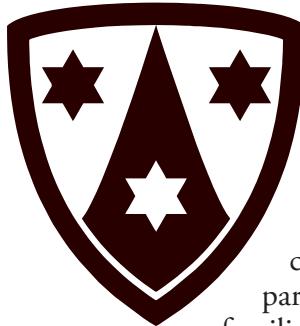

Los Carmelitas responden a todas las acusaciones de conducta sexual inapropiada con un gran compromiso para sacar a la luz la verdad y asegurarse de que cualquier superviviente reciba todo lo necesario para su sanación. Para asegurarnos de que tratamos cada caso de conducta impropia con prontitud, minuciosidad y compasión, la Provincia ha nombrado a un carmelita versado en estas tareas para que sea nuestro Director de Responsabilidad y Ministerio Ético. Es responsable de asegurarse de que se notifica a las autoridades civiles competentes cuando se infringen las leyes. También ha nombrado a un Coordinador de Ayuda a los Supervivientes para que esté disponible para recibir cualquier denuncia inicial de conducta sexual inapropiada por parte de un Carmelita de nuestra Provincia.

Cualquier persona puede presentar quejas al Coordinador de Supervivientes, incluso de forma anónima. Pueden hacerse sobre miembros actuales de la Provincia, vivos o fallecidos. También pueden hacerse sobre miembros que hayan abandonado la Provincia. Además de ponerse en contacto con el Coordinador de Divulgación para Supervivientes, se anima a los denunciantes a que informen a la policía de las acusaciones que impliquen delitos.

En la mayoría de los casos graves, por ejemplo cuando se ha denunciado un abuso sexual a un menor, un investigador independiente intentará obtener una comprensión objetiva de todos los hechos. Si se determina que la denuncia está fundamentada, la persona que sea el presunto agresor, si sigue siendo miembro de la provincia, será sometida a un Plan de Seguridad. Este riguroso programa de prevención de recaídas proporciona un tratamiento psicológico adecuado, diseñado por profesionales, específico para los delincuentes. Implica seguimiento y supervisión durante el resto de la vida del miembro. Si el miembro acusado ha abandonado el Carmelo, la Provincia tomará las medidas apropiadas permitidas para garantizar la seguridad de la comunidad en la que la persona pueda estar viviendo o trabajando.

En los casos en que se demuestre que se han producido violaciones inapropiadas de los límites, también se pondrá en marcha un plan para ayudar a los miembros a comprometerse de nuevo con un comportamiento plenamente ético.

# Guía para supervivientes

Los Carmelitas de la Provincia del Purísimo Corazón de María reconocen que la conducta sexual inapropiada de cualquiera de sus miembros tiene consecuencias devastadoras para los supervivientes y sus familias. Junto con toda la Iglesia católica, somos muy conscientes de los efectos de tan trágico comportamiento y nos comprometemos de todo corazón a ayudar y curar a los afectados.

Esta *Guía del Superviviente* proporciona información sobre:

1. qué es la conducta sexual inapropiada en las relaciones ministeriales
2. procedimientos establecidos para responder a las denuncias de conductas sexualmente inapropiadas
3. a quién pueden dirigirse los supervivientes de conductas sexuales inapropiadas en busca de ayuda.

**Mala conducta sexual** es un término general que incluye el acoso sexual, el abuso sexual e incluso acciones inapropiadas con connotaciones sexuales.

**El Acoso Sexual** es una conducta o lenguaje sexualizado no deseado, dirigido a inducir a otros a cumplir con la intención de que otro busque cierto control sobre el acosado.

**El Abuso Sexual** es el contacto sexual no deseado y/o ilegal, especialmente cuando lo comete un adulto sobre un menor o un adulto vulnerable. Estas acciones incluyen, entre otras, la violación, el coito ilícito, la sodomía, las caricias sexuales, el sexo oral, el incesto, la explotación sexual y la exposición de menores y adultos vulnerables a la pornografía.

**Las intervenciones sexuales** inapropiadas son interacciones no apropiadas para un sacerdote o hermano que no alcanzan el nivel de una ofensa grave como el abuso. Algunos ejemplos pueden ser llevar ropa sugerente, fijarse demasiado verbalmente en la anatomía de un adulto o de un menor, o abrazarse de forma inapropiada.

El acoso, abuso o acciones inapropiadas por parte de un miembro de la Provincia Carmelita del Purísimo Corazón de María es contrario a la moral católica y a las políticas y ética de la Provincia. Cada miembro de la Provincia se ha comprometido a ser totalmente ético en todas y cada una de las interacciones en las que participe.
