9/17/84 - Re - To John Goghan

EXHIBIT
FR. Doc. No. 178
RCJ 11/19/01

To James Lewis (Partner - St Brindley & Co) + To Char McPhee (P.V.S.B.'s) - came to report telephone calls from J.F. Cloney of 1st Sec of J.P. - & from the [redacted] family - complaining that J. G had been seen several times with children - giving them rides etc. You alarmed their families because of the past record re: J. G. (41500 private file). MacPhee also said that J. B's language, although not gross & vulgar was improper - impudently - caused young people - with questions & comment that were impudent and inappropriate.

J. L. stated that it was personal prob. & formally requested J. G's termination at St B - DO as P.V.

I indicated that I would call in the p.m. and indicate J. L.'s decision and try to keep J. B. - stating also that I had spoken to J. G. at home within a week previous to advise her of Mrs Gallant's letter from Stoughton & a good mother friend - of the De Sours family - of letter - J. G. at that time stated there was no problem - we were all getting clear - had better financials & they - no scandal - and not want to move because [redacted] family has relatives in several cities of RCNR.

GEOGHAN-II 07224

I saw J. G. at 5 PM at Cloney - and that he was to be terminated - immediately - to go home on his days off & remain (be in town) unless he thought he wanted to another period. I told him yes if the other financials agreed. I arranged and he made. He said he would [redacted]
