Dear Ed:

We have had communication over a period of the last two years with people in your council concerning the above-named individual.

We really must have the outcome of the legal action which took place in late 1984 concerning this individual. We never received the outcome of legal action and would like to know the disposition of any trial and also the sentencing which may have taken place. This is most important to us if we are to keep this individual on file and refuse registration attempts anywhere they should originate.

Please do not hesitate to contact me if you have any other questions. We appreciate your help in protecting the youth of America.

The meeting was convened at 3:00 p.m. in the conference room at Central Region Mental Health. Ms. Gensler welcomed the guests. She stated the purpose for the meeting was to discuss the means by which we could work together on behalf of the families and boys who were members of the Boy Scout Troop. We recognized that this unfortunate situation was no reflection on the Boy Scouts of American whose integrity and reputation must be maintained. We are also sensitive to the concerns for Hammel Street School and we are committed to cooperating with the legal system.

Mr. Moore described the structure of the Boy Scout organization, it is a charter system with a yearly renewal. The national and regional organization has a limited number of paid staff which makes close monitoring impossible. There are twenty paid staff for seventy-nine thousand participants. There was parent involvement in the yearly renewal of the troop which met at the Hammel Street School. However, there was no parent participation in troop meeting or activities. It's estimated that there were approximately two hundred members in the troop over the past sixteen years.

Detectives Morris and Corvera described the details of the incidence. In addition to the ritualistic behavior and having boys run naked the defendant selected certain boys for special sexual favors for which he offered them money. The boys were instructed to shave their pubic hair, he would undress them, insert enema tubes, etc. Detectives confiscated hundreds of pictures. They reported that the Boy Scout leader cooperated in his testimony as "Boy Scouts always tell the truth". A thirteen year old member of the troop placed something in the rectum of his three year old nephew. When the mother discovered blood in her child's under-pants, the situation became exposed and was brought to the attention of the authorities. After a thorough investigation, the officers selected several victims who had agreed to testify and the officers were concerned that nothing be done that would interfere with the witnesses testimony or that might cause the defendant to retract his statements (it was hoped that the case would be adjudicated without a trial).

Mr. Ragan stated that when he came to Hammel Street School this fall the former principal told him the troop would no longer be able to meet at the school due to the lack of supervision. There was no control over the group and following the meetings there was a clean-up mess including vandalism. There were approximately twenty to twenty-three boys in the troop but it may have been down to eight or nine at the time of termination.

A Notice was posted at the school that the Scout troop was disbanded. Parents who called were directed to the Boy Scouts office who in turn referred them to officers Morris and Corvera.

Mr. Cowan emphasized that the boys in this troop were victims and that they and their families had a right to and need for appropriate services.

It should be noted that Mr. Lashika is out on bail; it is the opinion of the officers that he is not of danger to any youth.

There is also some discussion about the reported child molestation by a teacher at Hammel Street School and Mr. Ragan stated he would welcome any assistance for his staff from the mental health professionals.

We arrived at the following decisions: (1) Marizza Montoya from Roybal Family Mental Health Center and Bruce Cowan from the Department of Childrens Services will contact Mr. Ragan in order to set up a meeting with him and the school staff. (2) Detectives Morris and Corvera will keep Mr. Cowan apprised of the status of the Lashika case. (3) Following adjudication of the case, Mr. Moore of the Boy Scouts will provide Mr. Cowan with the names and addresses of the boys who were currently enrolled in the Boy Scout troop. These families will be contacted one by one to see if services are indicated. (4) Following the individual contacts, a support group will be formed for parents and children. (5) Members of the Mental Health clinics and Department of Childrens Services will work together providing needed services for these families.

SUBJECT: Incidence of Sexual Abuse by

Jose Luis Flores	Child/Family Unit - El Centro Mental Health Center
Esther Gillies, Director	Child Sexual Abuse Project Dept. of Childrens Services

Purpose of the meeting was to plan how to meet the community needs of families and children who were affected by the aberrant behavior of the scout master. Legal issues pertaining to proper prosecution of the accused as well as ramifications for the school where the troop met and the Boy Scout organization were also discussed.

Mr. Lashika had been scout master of a Boy Scout troop which has been meeting at Hammel Street Elementary School since 1969. The leader had evolved indoctrination ceremonies which involved running naked ritualistic behavior and picture taking. The initiation ceremonies were

passed on from one group to the next by members. Mr. Lashika also paid some boys for special sexual favors. The situation became exposed when a parent found that her three year old son had been sexually assaulted by her thirteen year old brother. The thirteen year old revealed he had learned the behavior at his scout troop.

Bruce Cowan has been in contact with Detective Van Morris from the Los Angeles Sheriff's Department and Detective Corvera from the Los Angeles Police Department who are active on the case. Mr. Lashika has been arrested, released and again arrested. The detectives are in contact with several victims who will testify as witnesses and are concerned that nothing be done to jeopardize adjudication.

Mr. Cowan stated that Walton Pagan, who is a new principal at Hammel Street was concerned that the school not be implicated as it merely provided the space for the troop.

Ms. Lomas pointed out that two children in treatment at Roybal reported being molested by a teacher at Hammel Street and an investigation is under way.

It was decided that every effort should be made to allay anxiety of the families whose children were currently in the Boy Scout troop, and this should be done prior to news media exposure.

It was suggested that a group meeting of parents be called with staff from Department of Childrens Services, Roybal Family Mental Health Service and El Centro Mental Health Service along with representatives from the school and the Boy Scouts. However, before any action of this type be initiated, we felt that it was imperative to hold a meeting with the Boy Scouts, sheriff, police and principal of Hammel Street Elementary School to enlist their cooperation and to assure them that we are working with them but also were concerned about the well being of the community.

A meeting was tentatively scheduled for Friday, February 15th, at 3:00 p.m. at the same location.

Attached is a letter that should be maintained in the confidential file. The man is 40 years old, has dark hair, is about 5 foot 3 inches tall, weights about 130 pounds. He has no distinguishing physical marks.

The Los Angeles Police Department has hundreds of photographs of him with our naked Scouts. In some of the pictures, he is giving them enemas, which seems to be his thing. He will be prosecuted.
