County-School Census Asks

By William E. Pyne

A census being taken by the Baltimore County Board of Education in which residents are asked how much rent they pay or the value of their homes was started against the advice of Michael J. Birmingham, county executive.

Mr. Birmingham said today that he learned of the planned census several weeks ago and advised school officials that they were asking people questions which are "none of your con-

School officials said that the biennial count of the number of children of preschool age in the county was "expanded" this year to secure additional infor-

"Status Of Communities" A school spokesman said that the data concerning the assessed valuation of dwelling units and the monthly rent being paid for apartments is needed to deter mine the "socio-economic status of communities."

He explained that this means
