

## Daniel Massie

Executive Director, Clinical Supervisor  
ICS, LCSW, CSAC, MAC

### About Daniel

As the owner and administrator of the clinic, I combine many roles. I serve as Clinical Supervisor, along with providing counseling for both substance use disorders and mental health issues, the only counselor in Dodge County dually licensed to treat both issues. I am certified in trauma counseling, anger management, treatment of anxiety disorders, and telehealth. I also have special training in the treatment of depression and can make use of spiritual and religious approaches when appropriate and desired. I also handle the budgeting, payroll, and bill-paying duties, including my least-favorite job, balancing the checkbook.

I worked for the Department of Corrections for a number of years as a Drug counselor and Social Worker, and then as the Clinical Supervisor of a Methadone Clinic. I'm big on the importance of meeting clients where they are, while recognizing and affirming their desire to become more than what they are.
